FINANCIAL INFORMATION

The summary of Revenues, Expenses and Net Results shows YTD 2024 results compared to the 2024 budgeted amounts and 2023 actual amounts. The summary shows the YTD net operating results for 2024 are more than the amount budgeted by \$7,688,014. These YTD results do not reflect the adjustments for year-end settlement or reflect other year-end adjustments for 2024 which effect the revenue sharing with the airlines.

	2024 YTD Budget	2024 YTD Actual	2023 YTD Actual	Prior Year Variance
Airport revenues	\$ 46,651,123	\$ 51,104,335	\$ 45,186,100	5,918,235
FBO revenues less cost of sales	6,559,916	6,528,177	6,059,753	468,424
Total operating expenses	<u>(40,737,669)</u>	<u>(39,737,424)</u>	<u>(32,848,569)</u>	<u>(6,888,855)</u>
Operating results	12,473,370	17,895,088	18,397,284	(502,196)
Other revenue and (expenses), net	<u>(5,302,759)</u>	<u>(3,036,463)</u>	<u>1,943,277</u>	<u>(4,979,740)</u>
Net results	<u>\$ 7,170,611</u>	<u>\$ 14,858,625</u>	<u>\$ 20,340,561</u>	
Net variances: (2024 Actual to Budget)		<u>\$ 7,688,014</u>		
(2024 Actual to 2023 Actual)				<u>\$ (5,481,936)</u>

Under the revenue sharing formula, the net revenues or deficiency at year-end are split fifty (50) percent to the signatory airlines and fifty (50) percent to the Authority, subject to certain limitations which require the airlines to ensure the Authority’s net revenues are not less than 125 percent of its annual debt service requirement.

The summary information above does not reflect the effect of allocating all budget variances in accordance with the Airport Use and Lease Agreement or the potential assessment of charges to meet debt service coverage requirements, and accordingly, does not reflect the amount of an accumulated potential year-end settlement with the signatory airlines.

AIRLINE RATES AND CHARGES

Airline Rates and Charges shown for 2024 are based on the adopted budget and are calculated using the formulas incorporated into the Airline Use and Lease Agreement. Final 2024 rates will be calculated in the final settlement and revenue sharing report. The signatory airlines will be billed or credited for their share of any final variance and the Authority will fund its share of any negative variance from its reserves.

AIRPORT REVENUES

AIRPORT REVENUES for YTD 2024 are \$51,104,335 and are \$4,453,211 more than the \$46,651,123 budget to date. This is due to timing differences in the way the 2024 budget was allocated by month.

(Hereafter, the above communities will be referred to collectively as “the Affected Communities”).

⁴ “Affected communities” means any readily identifiable group potentially impacted by an airport project or operation, such as the community immediately surrounding a project or a community in the flight path.

We have identified the following facts about the Affected Communities:

Low Income Communities⁵

A low-income area is an identifiable group of persons living in geographic proximity, whose median household income is at or below the Department of Health and Human Services poverty guidelines. Pursuant to Executive Order 12898, “Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations,” ACAA is collecting information about affected and potentially affected low-income communities. According to *Census Report, S1701: Poverty Status in the Past 12 Months*, the overall poverty level for Albany County is approximately 14.8%. The poverty rate remains similar compared with the rest of the State of New York (14.3%). The poverty rates for the specific Affected Communities are as follows

Affected Communities	Poverty Rate
<i>City of Albany</i>	<i>30.3%</i>
<i>Town of Berne</i>	<i>4.4%</i>
<i>Town of Bethlehem</i>	<i>4.5%</i>
<i>Town of Coeymans</i>	<i>9.3%</i>
<i>City of Cohoes</i>	<i>19.6%</i>
<i>Town of Colonie</i>	<i>8%</i>
<i>Town of Green Island</i>	<i>26%</i>
<i>Town of Guilderland</i>	<i>5.2%</i>
<i>Town of Knox</i>	<i>5.2%</i>
<i>Town of New Scotland</i>	<i>6.5%</i>
<i>Town of Rensselaerville</i>	<i>4.7%</i>
<i>City of Watervliet</i>	<i>20.2%</i>
<i>Town of Westerlo</i>	<i>5.1%</i>

⁵ Low-income data must be collected to assist in our compliance with Environmental Justice requirements (not Title VI requirements). For example, this data will be utilized in our Community Participation Plan (CPP) to help ensure the meaningful involvement of low income communities in airport programs and activities.

Racial and Ethnic Communities.

Demographic data for race, color, and national origin was evaluated to identify racial and ethnic communities and populations in each Affected Community. The demographic composition by race, color, or national origin for the specific Affected Communities are as follows⁶:

Limited English Proficiency (LEP).

The goal of all language access planning and implementation is to ensure that ACAA communicates effectively with limited English proficient (LEP) individuals. Effective language access requires self-assessment and planning. The next table lists non-English languages⁷ that are spoken in LEP households in the Affected Communities. The data source is from the American Community Survey for Albany County.

The threshold we have used for identifying the languages with significant LEP populations is the DOT LEP Policy Guidance safe harbor threshold, which is 5% or 1,000, whichever is less.⁸ The safe harbor for our community is 1,000. Please refer to the end of this document to find data for all languages in our community.

⁷ Recommend using language groups from the U.S. Census, and using data for the “Speak English less than ‘very well’” category for each language over the threshold.

⁸ See the DOT LEP Policy Guidance at <https://www.federalregister.gov/d/05-23972/p-133>. The safe harbor provisions apply to the translation of written documents only; however, it provides a consistent starting point for identifying significant LEP populations.

<i>Spanish</i>	9,091	+/-686
<i>Italian</i>	1,703	+/-263
<i>Polish</i>	1,042	+/-362

Additional languages spoken by significant numbers of LEP persons in the Affected Communities, local schools, emergency service providers, and others: The languages indicated in the table above represent the predominant languages most spoken by LEP populations in the Albany County region. ACAA continuously monitors data from its service providers to ensure language provision needs are met. For example ACAA contracts with the Albany County Convention and Visitors Bureau to operate our guest services information desk where they gather data on language requests and currency requests. Additionally, ACAA participates in the Airports Council International (ACI) Airport Service Quality (ASQ) Survey for departing passengers.

Beneficiary Diversity.

Demographic information is collected from airport customers, attendees at community meetings, and businesses seeking opportunities at the airport, through voluntary disclosures.

7. Potential or Known Community Impacts

Projects or services receiving federal financial assistance have the potential to touch so many aspects of American life. Thus, in general, no ACAA activity must have a discriminatory disparate impact on the basis of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age. This means that policies or procedures that have a disparate impact would require a well-documented substantial legitimate nondiscriminatory justification, summarized below. Impacts to protected communities must be avoided or minimized to the extent possible. No project with a discriminatory impact on protected communities will be undertaken.⁹

The following airport facilities are already in use or under construction and expected to be in use within the next 3 years: See attached Airport Layout Plan (ALP) for existing airport facilities.

Existing Airport Facilities	Affected Community Impacted by Operation of the Facility
<i>Properties on Airport Layout Plan</i>	<i>None</i>

The following airport facility projects (including all alternatives) are in construction or expected to be in construction within the next 3 years:

Airport Facility Construction Projects	Affected Community Impacted by Construction of the Facility
<i>Runway 01-19 Rehabilitation/Lighting Upgrades & Southside Perimeter Road Construction</i>	<i>None</i>
<i>Concourse A Modernization and Enhancement</i>	<i>None</i>
<i>Air Traffic Control Tower Rehabilitation</i>	<i>None</i>
<i>Main Terminal/North Garage Elevator Rehabilitation</i>	<i>None</i>
<i>Terminal Checkpoint Expansion Project</i>	<i>None</i>

⁹ In order to carry out an alternative with a discriminatory impact, the airport sponsor must demonstrate that there was a substantial legitimate justification for the decision. The sponsor must also show that alternatives with less discriminatory impacts were meaningfully considered and rejected for legitimate reasons.

We have analyzed the above existing facilities and facility construction projects for disparate impacts on the basis of race, color, or national origin (including LEP) in Affected Communities. The following have disparate impacts: None

8. Limited English Proficiency (LEP)
Executive Order 13166

In creating a Language Assistance Plan, the ACAA will consider the volume, proportion, or frequency of contact with LEP persons in determining the appropriate language assistance to provide.

In Community Statistics section, we identified the following languages spoken by LEP persons in Affected Communities:

Language
<i>Spanish</i>
<i>Italian</i>
<i>Polish</i>
<i>Hindi</i>
<i>Urdu</i>
<i>Other Indic languages</i>
<i>Other Indo-European languages</i>
<i>Chinese</i>
<i>Other Asian Languages</i>
<i>Arabic</i>

ACAA also collects data for languages spoken by airport guests.¹⁰ Data sources include:

Data Sources for Languages Spoken by Airport Guests	Website link to Data Source
<i>ACI-ASQ Survey Data</i>	<i>N/A</i>
<i>Assistance requests to airport information desks</i>	<i>N/A</i>

¹⁰ We aim to provide appropriate language assistance services to every LEP person encountered. This includes instances when LEP statistical data for a particular language was not available beforehand, or the safe harbor threshold for written translation was not met.

The Title VI Coordinator will also actively engage with community educators, community groups, places of work, business groups, social groups, and the like to confirm that translation and interpretation services are accurate and effective. Additionally, the Title VI Coordinator will inform leadership and staff of the ACAA of the responsibility to provide language access. We have made the following plans to provide translation services free of charge to ensure that individuals with LEP have access to the benefits of the airport:

Translation Services:

- All written notices contain a statement in the identified languages, when appropriate, of how to receive translated written materials.
- The following vendors have been identified for written translations:

Translation Vendors	Languages
<i>Language Line Solutions.</i>	<i>All above languages</i>

- Information regarding translation services can be obtained at:

Location for Translation Assistance	Languages
<i>Airport website translate view</i>	<i>All above languages</i>
<i>Airport Information Desks</i>	<i>All above languages</i>
<i>Airport Police & Security Personnel</i>	<i>All above languages</i>

Interpretation Services:

- The following vendors have been identified for interpretation services:

Interpretation Vendors	Languages
<i>Language Line Solutions</i>	<i>All above languages</i>

- Information regarding interpretation services can be obtained at:

Location for Interpretation Assistance	Languages
<i>Airport Information Desks</i>	<i>All above languages</i>
<i>Security Screening Checkpoints</i>	<i>All above languages</i>
<i>Airport Police and Security Personnel</i>	<i>All above languages</i>
<i>Airport Authority Admin. Offices</i>	<i>All above languages</i>
<i>Business Center</i>	<i>All above languages</i>

Description of Interpretation Assistance Processes

- *The airport contracts with the Language Line, Inc. to provide on-demand telephone interpretation services to airport guests. When a request for an interpreter is received, the*

following process is used: Airport information desk staff use I-Speak cards to identify the language spoken by the airport guest. Staff contacts Language Line, Inc. and “parks” the request in the queue for the appropriate language. Language Line, Inc. operators will coordinate connect the requesting party to an interpreter for the duration of the call. The completed call is then logged in the Language Line Service binder. This log is kept for one year.

9. Transportation

49 Part CFR 21 Appendix C (a)(1)(ix)

In the Community Statistics section of this plan, we identified Affected Communities and provided demographic and related data for the community populations. The minority and disadvantaged community areas located within the Affected Communities are identified below. Other minority and disadvantaged community areas that are near the airport but not within Affected Communities are also identified below.

We have coordinated with the Capital District Transportation Authority (CDTA) to encourage them to provide transit service access between the airport and these areas.

The following chart identifies existing and planned transit services connecting the airport employment centers with the identified minority and disadvantaged community areas. We have used a minimum 10% poverty rate as the threshold to determine disadvantaged community areas.

Minority and/or Disadvantaged Community Areas	Transit Service	Planned or Existing
<i>City of Albany</i>	<i>Fixed-route buses</i>	<i>Existing</i>
<i>City of Cohoes</i>	<i>Fixed-route buses</i>	<i>Existing</i>
<i>Town of Green Island</i>	<i>Fixed-route buses</i>	<i>Existing</i>
<i>City of Watervliet</i>	<i>Fixed-route buses</i>	<i>Existing</i>

10. Minority Businesses

49 CFR 21 Appendix C (a)(1)(x)

Bids for airport concessions and other business opportunities are solicited from area minority and woman-owned businesses through the following methods:

It is the policy of the Authority to place all procurement notices in major local newspapers, as well as periodicals of interest to the disadvantaged community; including

- Dodge Bulletin
- DBE trade associated newsletters
- Business Review
- Times Union
- Minority Commerce Weekly
- Rensselaer County Affirmative Action
- Albany County Affirmative Action
- Saratoga County Affirmative Action
- Schenectady County Affirmative Action
- ACAA Website
- BidNet

In addition to posting notices a letter is sent to certified M/WBE & DBE's informing them of Request for Proposal or Invitation to Bid Notice issued for upcoming projects or procurements.

Selections are in compliance with Title VI, Part 21, and related requirements. Information on the award process and documentation for specific bid decisions is kept with the ACAA Procurement Department.

11. Training

New employee orientation incorporates Title VI training. Topics include:

- Title VI and related laws prohibit discrimination on the basis of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age
- Title VI complaints must be forwarded to the Coordinator
- Protections against retaliation for filing civil rights complaints or related actions
- Title VI notices must be displayed throughout the airport public facilities
- All contracts must include Title VI clauses
- Language interpretation and translation services
- Cultural and community relations sensitivity training
- Anti-harassment training

Refresher information will be provided annually.

12. Compliance Reviews, Audits, Complaints, Lawsuits, and Other Investigations

FAA Notification. The Coordinator will notify FAA of any pending investigations and reviews, including:

- Compliance reviews or audits concerning civil rights requirements¹¹
- Complaints, lawsuits, or other investigations alleging noncompliance with civil rights requirements¹²

As discussed in the Title VI Complaints Section, Title VI complaints must be forwarded to FAA contacts within 15 days of receipt. For all other civil rights investigations, ACAA must notify FAA contacts of any new investigations prior to grant execution.

At regular intervals, the Coordinator will provide FAA contacts with status updates for the investigations and reviews, until completed. For each existing investigation or review completed within 5 years of this plan, the Coordinator will also provide a statement about the outcome, unless previously provided.

¹¹ Includes any Title VI, ADA, Sec. 504, Title VII/EEO, or other civil rights program compliance review or audit to be performed on the airport sponsor or any of its sub-recipients by any State, local or Federal agency.

¹² Includes allegations of discrimination based on race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age, whether because of actions of the airport sponsor itself, or its employees, contractors, or tenants. Includes noncompliance with related administrative requirements under civil rights laws.

13. Title VI Complaints

49 CFR 21.11; 49 CFR 21 Appendix C (b)(3); 28 CFR 42.406(d)

Scope. These procedures are for complaints of discrimination under Title VI and related laws (hereafter “Title VI Complaints.” In order to be a Title VI Complaint, the complaint must:

1. Allege discrimination on the basis of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age or violations administrative requirements under Title VI or related laws.
2. Not only be for employment matters¹³
3. Allege misconduct by the ACAA, including airport employees, contractors, concessionaires, lessees, or tenants.
4. Concern an airport facility or actions by the ACAA including airport employees, contractors, concessionaires, lessees, or tenants.

Rights. Any person who believes that he or she has been subjected to discrimination on the basis of race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age has the right to file a complaint with the ACAA.¹⁴ Alternatively, they can file a formal complaint with an outside agency, such as the U.S. Departments of Justice or Transportation, or the Federal Aviation Administration (FAA), or seek other legal remedies.

Receipt of Complaint. The Coordinator will log in the complaint and promptly send copies of the complaint to the ACAA office involved in the complaint, the Chief Executive Officer, General Counsel and any other office as appropriate.

Complaints must be filed within 180 days of the discriminatory event, must be in writing, and must be delivered to:

Elizabeth Charland
Director of Administrative Services/Title VI Coordinator
Albany County Airport Authority
737 Albany Shaker Rd, Main Terminal, Albany, NY 12211
(518) 242-2222; lcharland@albanyairport.com

¹³ Complaints of employment discrimination must be addressed as required by EEOC and other applicable authorities with jurisdiction over employment matters. If an Airport sponsor employment activity is supported by FAA-provided financial assistance or it is alleged that the employment discrimination affects the broader airport program, complaints about that activity must also be reported to FAA.

¹⁴ Includes allegations of discrimination based on race, color, national origin (including LEP), sex (including sexual orientation and gender identity), creed, or age, whether because of actions of the airport sponsor itself, or its employees, contractors, or tenants. Includes noncompliance with related administrative requirements under civil rights laws.

If a complaint is initially made by phone, it must be supplemented with a written complaint before 180 days after the discriminatory event has passed. If a verbal complaint is received, the complainant should be given a copy of the Airport Discrimination Complaint Procedures and instructed to submit a written complaint. Accommodation will be provided upon request to individuals unable to file a written complaint due to a disability.

Initial Procedure. The Coordinator may meet with the complainant to clarify the issues, obtain additional information, and determine if informal resolution might be possible in lieu of an investigation. If successfully resolved, the Coordinator will issue a closure letter to the complainant, record the disposition in the complaints log, and report the resolution to FAA.

Discrimination Complaint Referral Procedure

Internal Complaint Referral. All Title VI complaints must be promptly forwarded to the Coordinator within 48 hours.

Initial FAA Notification. A copy of each Title VI complaint will be forwarded to the FAA within 15 days of initial receipt (not the date that the Coordinator was notified). The Coordinator will forward a copy of the complaint and a statement describing all actions taken to resolve the matter, and the results thereof to the FAA Civil Rights staff. (Note: complaints based on disability do not have to be forwarded to FAA.) To transmit complaint information to the FAA, the Coordinator will email the FAA Office of Civil Rights analyst(s), as well as upload the relevant information to the FAA Civil Rights Connect System. The Coordinator will also seek technical assistance from FAA, as needed, throughout complaint intake, investigation and resolution process.

Investigation Procedure

Assignment of Investigator. The Coordinator will immediately begin the investigation or designate an investigator.

Cooperation with FAA. The Coordinator will promptly investigate all Title VI complaints, including those referred by the FAA for investigation. If the FAA is investigating a complaint against ACAA, the Coordinator will avoid interfering with the FAA investigation, cooperate with the FAA when needed, and share factual information with the FAA.

Prompt Investigation. The Coordinator will make every effort to complete discrimination complaint investigations within 60 calendar days after the complaint is received. Some investigations may take longer with a justification for the delay and assurance that the investigation is being completed as quickly as possible.

Contact with Complainant. The Coordinator will meet with the complainant to clarify the issues and obtain additional information, and also speak with community members and potential

witnesses, as appropriate.

Investigation Report. After completing the investigation, the Coordinator will prepare a written report.

Consultation with Legal Counsel. In each case, the Coordinator will consult with Legal Counsel regarding the investigation and the report. Airport Legal Counsel will ensure that the report is consistent with the DOT and FAA Title VI nondiscrimination requirements.

Prompt Resolution of Disputes. The Coordinator will emphasize voluntary compliance and quickly and fairly resolve disputes with complainants, or with contractors, tenants, or other persons, through several means such as alternate dispute resolution, negotiation, and/or mediation.

Forwarding Report and Response to Complainant. At the completion of the investigation, the complainant and respondent will receive a letter of findings and determination of the investigation and any applicable resolution. The letter transmitting the findings and any applicable resolution will state ACAA's conclusion regarding whether unlawful discrimination occurred, and will describe the complainant's appeal rights. A summary of the investigation report, any appeal, or follow-up actions will be sent to the FAA via email and/or the FAA Civil Rights Connect System.

Appeal Rights. The complainant must be notified of their right to appeal the findings or determinations, and of the procedures and requirements for an appeal:

- The complainant may appeal in writing to the Chief Executive Officer.
- The written appeal must be received within 7 business days after receipt of the written decision.
- The written appeal must contain all arguments, evidence, and documents supporting the basis for the appeal.
- The Chief Executive Officer will issue a final written decision in response to the appeal.

Avoiding Future Discrimination. In addition to taking action with respect to any specific instances of discrimination, the ACAA will identify and implement measures to reduce the chances of similar discrimination in the future.

Intimidation and Retaliation Prohibited. ACAA employees, contractors, and tenants will not intimidate or retaliate against a person who has filed a complaint alleging discrimination.

For information on filing a complaint with DOT/FAA, please contact Elizabeth Charland.

This complaint procedure is shared with the public through Website, In-person, and Other Distribution Methods

1. ACAA Website, Civil Rights Page at <https://albanyairport.com/accessibility-ada>
2. A copy of the procedure will be available at airport-sponsored information desks.

JUSTIFICATION:

The Airport Authority recently requested quotes for immediate temporary signage to ensure public safety during our construction of the Airport Terminal Expansion Project. There was discussion of this purchase with the Board previously, and the cost of the temporary signage will exceed \$50,000. The initial order of temporary signage was completed following a quote (Quote # 24-0920). It is anticipated that additional signage is required. The same lowest priced vendor, Saxton Sign, will be used for these signs as well. In order to meet the immediate need for these signs Chief Executive Officer feels it to be in the best interest of the Airport in accordance with Section 3.3 of the Authority Procurement Guidelines. Section 3.3 reads as follows:

*“The role of an airport dictates that the operation be maintained on a continuous basis without interruption. From time to time, the Chief Executive Officer may determine that **Emergency Purchases** or contracts be issued to keep the Airport safe, secure and when it is in the best interest to preserve order or public health and Airport facilities. Also, when the immediate restoration of a condition of usefulness of a building, equipment or roadway or utilities is necessary. Such emergency services exceeding \$50,000 shall be presented to the Authority Board at its next regularly scheduled meeting.”*

1) Proposed Policy

ALBANY COUNTY AIRPORT AUTHORITY DISCRIMINATION, HARASSMENT AND RETALIATION PREVENTION POLICY

Purpose and Goals

Albany County Airport Authority (“ACAA” or “Authority”) is committed to maintaining a work environment that is free of all forms of unlawful harassment, discrimination, and retaliation. This policy is one component of ACAA’s commitment to such a work environment.

The purpose of this policy is to teach employees to recognize unlawful discrimination and harassment, including based on an individual’s intersecting identities, and provide the tools to take action if it occurs. All employees, managers, and supervisors are required to work in a manner designed to prevent unlawful harassment and discrimination in the workplace.

After reading this policy, employees will understand their right to a workplace free from unlawful discrimination and harassment. Employees will also learn what harassment and discrimination look like, what actions they can take to prevent and report such behavior, and how they are protected from retaliation after taking action. The policy will also explain the investigation process into any claims of harassment or discrimination.

This policy applies to all employees, applicants for employment, and interns, whether paid or unpaid. The policy also applies to additional covered individuals, including anyone who is (or is employed by) a contractor, subcontractor, vendor, or consultant or anyone providing services in our workplace. These individuals include persons commonly referred to as independent contractors, gig workers, and temporary workers. Also included are persons providing equipment repair, cleaning services, or any other services through a contract with ACAA. Throughout this policy, we may refer to covered workers who are not direct employees of the Authority as “covered individuals.”

Employees at any level who violate this policy, including managers and supervisors who engage in harassment or discrimination or who allow such behavior to continue, will be penalized for such misconduct.

ACAA will provide this policy to all employees in person or digitally through email upon hiring and will post the policy prominently in all work locations.

Discrimination is Prohibited

ACAA strictly prohibits unlawful discrimination based on age, race, color, sex (including pregnancy), gender, sexual orientation, gender identity or expression, national origin, ancestry, alienage, citizenship, ethnicity, religion, creed, marital or partnership status, disability, past, current, or prospective service in the uniformed services, familial status, marital status, caregiver status, predisposing genetic characteristics, genetic information, status as a victim/survivor of domestic violence, arrest or conviction status, reproductive health decision-making, or other characteristic protected by applicable law.

This policy applies to all terms and conditions of employment with the ACAA, including, but not limited to: hiring, training, promotion, discipline, compensation, benefits, and termination of employment.

Sexual Harassment is Prohibited

One form of harassment prohibited by this policy is sexual harassment. Sexual harassment is unlawful and unacceptable. It violates ACAA policy, subjects the Authority and the harasser to potential liability, constitutes employee misconduct, and will not be tolerated. Appropriate sanctions and/or disciplinary action (up to and including termination) will be enforced against individuals who engage in sexual harassment and against supervisory and managerial personnel who knowingly allow such behavior to continue.

Sexual harassment is a form of workplace discrimination that subjects an employee to inferior conditions of employment due to their sex, sexual orientation, sex stereotypes, self-identified or perceived sex, gender expression, gender identity, and the status of being transgender, unless the conduct does not rise above the level of what a reasonable victim of harassment with the same protected characteristic would consider petty slights or trivial inconveniences. Sexual harassment is not limited to sexual contact, touching, or expressions of a sexually suggestive nature. Sexual harassment includes all forms of gender discrimination including gender role stereotyping and treating employees differently because of their gender, as more fully described below.

Understanding gender diversity is essential to recognizing sexual harassment because discrimination based on sex stereotypes, gender expression and perceived identity are all forms of sexual harassment. The gender spectrum is nuanced, but the three most common ways people identify are cisgender, transgender, and non-binary.

- A cisgender person is someone whose gender aligns with the sex they were assigned at birth. Generally, this gender will align with the binary of male or female.
- A transgender person is someone whose gender is different than the sex they were assigned at birth.
- A non-binary person does not identify exclusively as a man or a woman. They might identify as both, somewhere in between, or completely outside the gender binary. Some may identify as transgender, but not all do.

Respecting an individual's gender identity is a necessary first step in establishing a safe workplace.

As noted above, sexual harassment is unlawful when it subjects an individual to inferior terms, conditions, or privileges of employment, unless the conduct does not rise above the level of what a reasonable victim of harassment with the same protected characteristic would consider petty slights or trivial inconveniences. In New York, harassment need not be severe or pervasive to be illegal. Every instance of harassment is unique to those experiencing it, and there is no single boundary between petty slights and harassing behavior. However, New York law specifies that whether harassing conduct is considered petty or trivial is viewed from the standpoint of a

reasonable victim of discrimination with the same protected characteristics. Generally, any behavior in which an employee or covered individual is treated worse because of their gender (perceived or actual), sexual orientation, or gender expression is considered a violation of the ACAA's policy.

Sexual harassment includes unwelcome conduct that is either of a sexual nature or directed at an individual because of his or her gender identity or expression (perceived or actual), when:

- Such conduct is made either explicitly or implicitly a term or condition of employment;
- Submission to or rejection of such conduct is used as the basis for employment decisions affecting an individual's employment; or
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive work environment, even if the complaining individual is not the intended target of the sexual harassment.

There are two main types of sexual harassment:

- Behaviors that contribute to a **hostile work environment** include, but are not limited to, words, signs, jokes, pranks, intimidation, or physical violence which are of a sexual nature, or which are directed at an individual because of that individual's sex, gender identity, or gender expression. Such sexual harassment also consists of any unwanted verbal or physical advances, sexually explicit derogatory, or discriminatory statements which an employee finds offensive or objectionable, causes an employee discomfort or humiliation, or interferes with the employee's job performance.
- Sexual harassment also occurs when a person in authority tries to trade job benefits for sexual favors. This can include hiring, promotion, continued employment or any other terms, conditions, or privileges of employment. This is called **quid pro quo** harassment.

Sexual harassment can occur between any individuals, regardless of their sex or gender. Harassment does not have to be between members of the opposite sex or gender.

Harassers can be anyone in the workplace. A supervisor, a supervisee, or a coworker can all be harassers. Anyone else in the workplace can also be harassers including an independent contractor, contract worker, vendor, client, customer, patient, or visitor.

The intent of the behavior, for example, making a joke, does not neutralize a harassment claim. Not intending to harass is not a defense. The impact of the behavior on a person is what counts.

Sexual harassment is prohibited not only at the workplace but also while working off-premises (including, but not limited to, while on video or telephone conferences for work), while traveling for work, and at ACAA-sponsored parties or events. Calls, texts, emails, messages on electronic messaging platforms and apps, and social media usage by employees or covered individuals can also constitute unlawful harassment, even if they occur away from the workplace premises, on

personal devices, or during non-work hours. Moreover, conduct does not have to be directed at an individual for it to be sexual harassment (for example, overheard comments can qualify).

Any employee or covered individual who feels harassed is encouraged to report the behavior so that any violation of this policy can be corrected promptly. Any harassing conduct, even a single incident, can be discrimination and is covered by this policy. Individuals should not feel discouraged from reporting harassment because they do not believe it is bad enough, or conversely because they do not want to see a colleague fired over seemingly less severe behavior. Just as harassment can happen in different degrees, potential discipline for engaging in sexual harassment will depend on the degree of harassment. It might include education and counseling, or it may lead to suspension or termination when appropriate.

The below list describes some of the types of acts that may be unlawful sexual harassment. This list is just a sample of behaviors and should not be considered exhaustive. Any employee who believes they have experienced sexual harassment or other violation of this policy should feel encouraged to report it, even if it does not appear on this list.

- Physical acts of a sexual nature, such as:
 - Touching, pinching, patting, kissing, hugging, grabbing, brushing against another employee's body, or poking another employee's body;
 - Rape, sexual battery, molestation, or attempts to commit these assaults, which may be considered criminal conduct outside the scope of this policy (please contact local law enforcement if you wish to pursue criminal charges).
- Unwanted sexual comments, advances, or propositions, such as:
 - Requests for sexual favors accompanied by implied or overt threats concerning the target's job performance evaluation, a promotion, or other job benefits or detriments (note: this can include sexual advances/pressure placed on an employee by patients and their family members);
 - Subtle or obvious pressure for unwelcome sexual activities; and
 - Repeated requests for dates or romantic gestures, including gift giving.
- Sexually oriented gestures, noises, remarks or jokes, or questions and comments about a person's sexuality, sexual experience, or romantic history that create a hostile work environment. This is not limited to interactions in person. Remarks made over virtual platforms and in messaging apps when employees are working remotely can create a similarly hostile work environment.
- Sex stereotyping, which occurs when someone's conduct or personality traits are judged based on other people's ideas or perceptions about how individuals of a particular sex should act or look. For example:

- Remarks regarding an employee's gender expression, such as wearing a garment typically associated with a different gender identity;
 - Dress codes that require employees to dress in a manner typically associated with a particular gender identity or that place more emphasis on women's attire; or
 - Asking employees to take on traditionally gendered roles, such as asking a woman to serve meeting refreshments when it is not part of, or appropriate to, her job duties.
- Sexual or discriminatory displays or publications anywhere in the workplace, such as displaying pictures, posters, calendars, graffiti, objects, promotional material, reading materials, or other materials that are sexually demeaning or pornographic. This includes such sexual displays on workplace computers or cell phones and sharing such displays while in the workplace. This also extends to the virtual or remote workspace and can include having such materials visible in the background of one's home during a virtual meeting.
 - Hostile actions taken against an individual because of that individual's sex, sexual orientation, gender identity, or status of being transgender, such as:
 - Interfering with, destroying, or damaging a person's workstation, tools, or equipment, or otherwise interfering with the individual's ability to perform the job;
 - Sabotaging an individual's work;
 - Bullying, yelling, or name-calling; or
 - Intentional misuse of an individual's preferred pronouns.

Sexual harassment does not happen in a vacuum and discrimination experienced by an employee can be impacted by biases and identities beyond an individual's gender. For example:

- Placing different demands or expectations on black women employees than white women employees can be both racial and gender discrimination;
- An individual's immigration status may lead to perceptions of vulnerability and increased concerns around illegal retaliation for reporting sexual harassment; or
- Past experiences as a survivor of domestic or sexual violence may lead an individual to feel re-traumatized by someone's behaviors in the workplace.

Individuals bring personal history with them to the workplace that might impact how they interact with certain behavior. It is especially important for all employees to be aware of how words or actions might impact someone with a different experience than their own in the interest of creating a safe and equitable workplace.

Other Unlawful Harassment is Prohibited

ACAA's policy prohibiting harassment applies equally to harassment based on age, race, color, national origin, ancestry, alienage, citizenship, ethnicity, religion, creed, marital or partnership status, disability, past, current, or prospective service in the uniformed services, familial status, marital status, caregiver status, predisposing genetic characteristics, genetic information, status as a victim/survivor of domestic violence, arrest or conviction status, reproductive health decision-making, or other characteristic protected by applicable law. Such harassment often takes a similar form to sexual harassment and includes harassment that is:

- Verbal (e.g., epithets, derogatory statements, slurs, derogatory comments or jokes, or obscene language).
- Physical (e.g., assault or inappropriate physical contact).
- Visual (e.g., displaying derogatory posters, cartoons, or drawings or making derogatory gestures).
- Online (e.g., derogatory statements in any e-mail or through any social media platform).

This list is illustrative only, and not exhaustive. No form of harassment will be tolerated, including, but not limited to, any harassment that denigrates or shows hostility towards an individual; has the purpose or effect of creating an intimidating, hostile, or offensive work environment; has the purpose or effect of unreasonably interfering with an individual's work performance; or otherwise adversely affects an individual's employment opportunities.

Harassment is prohibited not only at the workplace but also while working off-premises (including, but not limited to, while on video or telephone conferences for work), while traveling for work, and at Authority-sponsored or industry-sponsored parties or events. Calls, texts, emails, messages on electronic messaging platforms and apps, and social media usage by employees or covered individuals can also constitute unlawful harassment, even if they occur away from the workplace premises, on personal devices, or during non-work hours. Moreover, conduct does not have to be directed at an individual for it to be harassment (for example, overheard comments can qualify).

Complaint Procedure and Supervisory Responsibilities

Preventing unlawful discrimination and harassment is everyone's responsibility. ACAA cannot prevent or remedy harassment unless it knows about it. Anyone who witnesses, becomes aware of, or is subjected to behavior that may constitute discrimination or harassment or otherwise violate this policy should immediately report such behavior to their manager, supervisor, the Chief Executive Officer, the General Counsel or any member of the Board of Directors.

ACAA requests that reports of discrimination, harassment, or other violation of this policy be made in writing, but verbal reports will be accepted. A Complaint Form for the submission of reports of discrimination, harassment, or any other violation of this policy is included in this Policy, and all personnel are encouraged to use this Form (although other written reports, including via email, will be accepted). If the report is verbal, the complainant will be asked to complete a written Complaint Form. If he or she declines, the Authority may prepare a Complaint Form based on the verbal report. Employees and other covered individuals may also file a complaint with the New York State Division of Human Rights and/or the United States Equal Employment Opportunity Commission, as discussed in more detail below.

While everyone must work toward preventing sexual harassment, leadership matters. Managers and supervisors have a special responsibility to make sure employees feel safe at work and that workplaces are free from unlawful harassment and discrimination. All managers and supervisors who receive reports or information about, observe, otherwise become aware of, or suspect any potential discrimination, harassment, or other violation of this policy must immediately report it to the Chief Executive Officer, the General Counsel or any member of the Board of Directors. A manager or supervisor who fails to make such a report or otherwise knowingly allows discriminatory, harassing, or retaliatory behavior to continue will be subject to disciplinary action, up to and including termination of employment.

While supervisors and managers have a responsibility to report harassment and discrimination, supervisors and managers must be mindful of the impact that harassment and a subsequent investigation has on victims. Being identified as a possible victim of harassment and questioned about harassment and discrimination can be intimidating, uncomfortable and re-traumatizing for individuals. Supervisors and managers should work to accommodate the needs of individuals who have experienced harassment to ensure the workplace is safe, supportive, and free from retaliation for them during and after any investigation.

Bystander Intervention

Individuals who witness potential harassment or discrimination may also wish to engage in “bystander intervention.” There are five standard methods of bystander intervention that can be used when anyone witnesses harassment or discrimination and wants to help:

- A bystander can interrupt the harassment by engaging with the individual being harassed and distracting them from the harassing behavior;
- A bystander who feels unsafe interrupting on their own can ask a third party to help intervene in the harassment;
- A bystander can record or take notes on the harassment incident to benefit a future investigation;
- A bystander might check in with the person who has been harassed after the incident, see how they are feeling and let them know the behavior was not ok; and

- If a bystander feels safe, they can confront the harassers and name the behavior as inappropriate. When confronting harassment, physically assaulting an individual is never an appropriate response.

Though not exhaustive, and dependent on the circumstances, the guidelines above can serve as a brief guide of how to react when witnessing harassment in the workplace.

Investigation Procedure

ACAA will investigate any report or complaint of discrimination, harassment, or other violation of this policy that it receives, whether in verbal or written form. Investigations will be conducted in a manner that is prompt, thorough, and fair to all parties involved, and will be started and completed as soon as possible. The investigation will be kept confidential to the extent possible, and the Authority will take prompt and appropriate corrective action whenever it determines that harassment or another violation of this policy has occurred.

All individuals involved, including those making a harassment claim, witnesses, and alleged harassers deserve a fair and impartial investigation. ACAA recognizes that participating in a harassment investigation can be uncomfortable and has the potential to retraumatize an employee. Those receiving claims and leading investigations will handle complaints and questions with sensitivity toward those participating.

While the process may vary from case to case depending on the circumstances, an investigation of a report made under this policy will generally include the following steps. Upon receipt of a report of harassment or other violation of this policy, ACAA will:

- Conduct a prompt review of the allegations, assess the appropriate scope of the investigation, and take any interim actions (for example, instructing the individual(s) about whom the complaint was made to refrain from communications with the individual(s) who reported the harassment), as appropriate.
- Take steps to obtain, review, and preserve documents sufficient to assess the allegations, including documents, emails or phone records that may be relevant to the investigation. The person leading the investigation will consider and implement appropriate document request, review, and preservation measures, including for electronic communications.
- Seek to interview all parties involved, including any the complainant, the accused, and any relevant witnesses.
- Create a written documentation of the investigation (such as a letter, memo or email), which may contain the following:
 - A list of all documents reviewed, along with a detailed summary of relevant documents;
 - A list of names of those interviewed, along with a detailed summary of their statements;

- A timeline of events;
 - A summary of any prior relevant incidents disclosed in the investigation, reported or unreported; and
 - The basis for the decision and final resolution of the complaint, together with any corrective action(s).
- Keep the written documentation and associated documents in a secure and confidential location.
 - Promptly notify the individual(s) who reported the harassment and the individual(s) about whom the complaint was made that the investigation has been completed.
 - Implement any corrective action and take steps to ensure a safe work environment for the employee(s) who experienced any unlawful discrimination or harassment.

All employees, including managers and supervisors, are required to cooperate fully with any investigation conducted under this Policy.

Retaliation is Prohibited

ACAA strictly prohibits and does not tolerate any retaliation against an individual because he or she has in good faith (1) made a complaint of, reported, or opposed discrimination or harassment, either internally or with any government agency, or encouraged another to do so; or (2) testified or assisted in an investigation or proceeding involving discrimination or harassment under the Human Rights Law or other anti-discrimination law. Such retaliation is unlawful under federal and state law and is contrary to Authority policy. Any employee who retaliates against anyone involved in a sexual harassment or discrimination investigation will face disciplinary action, up to and including termination.

No one should fear reporting sexual harassment if they believe it has occurred. An individual is protected from retaliation if he or she had a good faith belief that the practice complained of was unlawful, even if it ultimately does not rise to the level of a legal violation. These protections do not apply, however, to any person making an intentionally false charge of discrimination or harassment or providing intentionally false information in connection with an investigation under this policy.

Retaliation consists of adverse action taken against the individual because he or she engaged in any of the protected activities described above. It is an action by which an employer or supervisor seeks to “punish” an individual for engaging in protected activity or discourage an individual from doing so. The action need not be job-related or occur in the workplace. For example, threats of physical violence outside of work hours or disparaging someone on social media would be covered as retaliation under this policy.

Unlawful retaliation can be any action, more than trivial, that would have the effect of dissuading a reasonable worker from engaging in any protected conduct. Examples of retaliation may include, but are not limited to, the following when done because of an individual's protected activity:

- Demotion, termination, denying accommodations, reduced hours, or the assignment of less desirable shifts;
- Publicly releasing personnel files;
- Refusing to provide a reference or providing an unwarranted negative reference;
- Labeling an employee as "difficult" and excluding them from projects to avoid "drama";
- Undermining an individual's immigration status; or
- Reducing work responsibilities, passing over for a promotion, or moving an individual's desk to a less desirable office location.

An adverse employment action is not retaliatory simply because it occurs after the protected activity in question. Employees continue to be subject to all job requirements and disciplinary rules after having engaged in protected activity. To establish a claim of retaliation, the individual must be able to prove that the adverse action was retaliatory.

An individual who believes they have been subjected to or observed retaliation in violation of this policy should report the matter in the same way as they would report perceived harassment or discrimination (see Complaint and Investigation Procedure above). As with harassment and discrimination, all managers and supervisors who receive reports or information about, observe, otherwise become aware of, or suspect any potential retaliation must immediately report it to Human Resources. A manager or supervisor who fails to make such a report or otherwise knowingly allows retaliatory behavior to continue will be subject to disciplinary action, up to and including termination of employment.

All employees and covered individuals who believe they have been a target of such retaliation may also seek relief from government agencies, as described in the next section of this policy.

Statutory Provisions, Redress Rights, and Adjudication Forums

Harassment, discrimination, and retaliation as defined in this policy are unlawful pursuant to the New York Human Rights Law § 296.1 (codified as N.Y. Executive Law, Article 15) (the "Human Rights Law"), and the federal Civil Rights Act of 1964, Title VII (codified as 42 U.S.C. § 2000e et seq.) ("Title VII"). Such harassment, discrimination, and retaliation may subject the Authority to legal liability. Under New York law, individuals who engage in harassing, discriminatory, or retaliatory behavior may also be subject to personal liability and supervisors or managers who fail to report or act on harassment may be personally liable for aiding and abetting such behavior.

The internal process outlined in the policy above is one way for employees to report discrimination or harassment. Employees and covered individuals may also choose to pursue legal remedies with the following governmental entities. While a private attorney is not required to file a complaint

with a governmental agency, employees and covered individuals may also seek the legal advice of an attorney.

The Human Rights Law and the New York State Division of Human Rights

The Human Rights Law applies to all employers in New York State with respect to sexual harassment and protects employees, paid or unpaid interns, and non-employees, regardless of immigration status. A complaint alleging a violation of the Human Rights Law may be filed with either the Division of Human Rights (“DHR”) or in New York State Supreme Court within three years of the alleged violation. Complaining internally to ACAA does not extend an individual’s time to file with DHR or in court. The three years are counted from the date of the most recent incident of harassment.

An individual does not need an attorney to file a complaint with DHR, and there is no cost to do so. DHR will investigate the complaint and determine whether there is probable cause to believe that sexual harassment has occurred. Probable cause cases are eligible for a public hearing before an administrative law judge. If sexual harassment is found at the hearing, DHR has the power to award relief. Relief varies but it may include requiring the employer to take action to stop the harassment, or repair the damage caused by the harassment, including paying of monetary damages, punitive damages, attorney’s fees, and civil fines.

DHR’s main office contact information is: NYS Division of Human Rights, One Fordham Plaza, Fourth Floor, Bronx, New York 10458. An individual may call (718) 741-8400 or visit www.dhr.ny.gov. The website has a digital complaint process that can be completed on a computer or mobile device from start to finish. The website has a complaint form that can be downloaded, filled out, and mailed to DHR as well as a form that can be submitted online. The website also contains contact information for DHR’s regional offices across New York State.

Employees may also call the DHR sexual harassment hotline at 1-800-HARASS-3 for more information about filing a sexual harassment complaint. This hotline can also provide a referral to a volunteer attorney experienced in sexual harassment matters who can provide limited free assistance and counsel over the phone.

Title VII and the Equal Employment Opportunity Commission

The United States Equal Employment Opportunity Commission (“EEOC”) enforces federal anti-discrimination laws, including Title VII. Title VII applies to private employers with at least 15 employees.

An individual can file a complaint with the EEOC anytime within 300 days from the most recent incident of harassment. An individual does not need an attorney to file a complaint with EEOC, and there is no cost to do so. The EEOC will investigate the complaint and determine whether there is reasonable cause to believe that discrimination has occurred. If the EEOC determines that the law may have been violated, the EEOC will try to reach a voluntary settlement with the employer. If the EEOC cannot reach a settlement, the EEOC (or the Department of Justice in certain cases) will decide whether to file a lawsuit. The EEOC will issue a Notice of Right to Sue permitting the complainant to file a lawsuit in federal court if the EEOC closes the charge, is unable

to determine if federal employment discrimination laws may have been violated, or believes that unlawful discrimination occurred but does not file a lawsuit.

Individuals may obtain relief in mediation, settlement or conciliation. In addition, federal courts may award remedies if discrimination is found to have occurred. The remedies available to victims of sexual harassment vary depending on the circumstances and forum involved, but may include requiring the defendant(s) to take action to stop the harassment, or redress the damage caused, including reinstatement/instatement to a job, payment of monetary damages (e.g., back pay, out-of-pocket expenses), compensatory damages, punitive damages in certain circumstances, reasonable attorneys' fees, and civil fines.

An employee alleging discrimination at work can file a "Charge of Discrimination." The EEOC has district, area, and field offices where complaints can be filed. Contact the EEOC by calling 1-800-669-4000 (TTY: 1-800-669-6820), visiting their website at www.eeoc.gov or via email at info@eeoc.gov.

If an individual filed an administrative complaint with the New York State Division of Human Rights, DHR will automatically file the complaint with the EEOC to preserve the right to proceed in federal court.

Local Protections

There may also be applicable local laws that protect individuals from sexual harassment. An individual may contact the county, city, town, or village in which they live to determine whether such a local law exists.

If the sexual harassment involves unwanted physical touching, coerced physical confinement, or coerced sex acts, the conduct may constitute a crime. Redress can be sought by contacting the local police department.

Administration of Policy

This policy is intended to comply with and implement New York law regarding sexual harassment policies (Labor Law § 201-g) and any accompanying regulations. To the extent that this policy is inconsistent therewith, the law and applicable regulations will apply.

1.0 INTRODUCTION

The Albany County Airport Authority's (Authority or ACAA) personnel policies, benefits and services are set forth in this handbook. You should familiarize yourself with these policies and procedures and use this handbook as a reference guide. These policies cover all Authority employees and are designed to maintain consistency and insure equitable treatment.

There are several matters that are important to keep in mind about this handbook. First it contains general information and guidelines. The handbook is not intended to be comprehensive or to address all the possible applications of, or exceptions to, the general policies and procedures described. For that reason, if you have any questions concerning eligibility for a particular benefit, or the application of a policy or procedure to you, you should address your specific questions to the Chief Financial Officer.

Second, while the Authority intends to continue the policies, procedures, practices, and benefits described herein, the Authority reserves the right to modify, suspend or terminate any of them when conditions so warrant. We will try to keep you informed of changes as they occur, but we may not always be able to do so.

Third, some benefits described herein (such as NYS Pension Plans) are covered in detail in official policy documents that are modified from time to time and are readily available for your inspection in the Office of the Chief Financial Officer or his/her designee. These official texts are controlling governing documents over any statements made in this handbook or by any Authority manager/supervisor.

Fourth, it is not the intent of this handbook to substitute these policies or procedures for appropriate statutory provisions covering employees with permanent civil service status.

Fifth, the policy and procedures described in this handbook or any other Authority document are not conditions of employment.

Sixth, the language in this handbook, except where otherwise explicitly noted, does not create a contract between the Authority and its employees and may be modified at any time at the sole discretion of the Authority.

2.0 EMPLOYMENT PRACTICES

2.1 EQUAL EMPLOYMENT OPPORTUNITY

EEO refers to all Federal and State anti-discrimination laws and provides all persons the right to be evaluated based on their ability.

It is the policy of the Authority to ensure equal employment opportunity for all applicants and employees regarding all personnel related matters, including, but not limited to recruitment, hiring, placement, promotion, compensation, benefits, and training. In all such activities, the Authority will not discriminate against any qualified persons because of age, sex, gender, marital status, race, creed, religion, color, national origin, citizenship, disability, veteran status, military status, marital status, familial status, predisposing genetic characteristic or genetic information, sexual orientation, or any other class protected by law.

2.2 INTERNAL COMPLAINT PROCEDURE

The Authority provides employees with an established procedure for expressing employment related concerns and to foster sound employee-employer relations through communication and reconciliation of work-related problems.

~~Updated July 12, 2021~~

An employee who feels that he/she has a legitimate work-related complaint is encouraged to first attempt to resolve the issue(s) through discussions with his/her immediate supervisor.

If the situation is not resolved within ten working days from the time the complaint is discussed with the immediate supervisor, barring extenuating circumstances, it should be reported to the Chief Executive Officer or his/her designee with written documentation. Every effort will be made to resolve the complaint within a reasonable time period while preserving the confidentiality and privacy of those involved to the extent possible.

2.3 ~~HARASSMENT~~ DISABILITY AND PREGNANCY ACCOMMODATION POLICY

The Authority is committed to providing equal employment opportunities to qualified individuals with disabilities. As part of this commitment, Authority will provide reasonable accommodations to applicants and employees if the reasonable accommodation would allow the individual with a disability to perform the essential functions of the job, except where such an accommodation would create an undue hardship for the Authority. Similarly, the Authority will provide reasonable accommodations to address an applicant or employee's temporary limitations resulting from a physical or mental condition related to pregnancy, childbirth, and related medical conditions, except where an accommodation would create an undue hardship for the Authority.

An employee who believes he or she needs an accommodation under this policy is responsible for requesting the accommodation from his or her supervisor or the CEO. The Authority will engage in the interactive process with the employee and may, to the extent permitted under applicable law, require the employee to submit documentation supporting his or her request.

~~All employees have the right to work in an environment free from all forms of discrimination and conduct that can be considered harassing, coercive, or disruptive.~~

~~The Authority is committed to maintaining a comfortable and productive work environment. Consistent with the Authority's respect for the rights and dignity of each employee, harassment or malicious gossip will not be sanctioned or tolerated.~~

~~Any employee with a problem or complaint relating to alleged harassment or discrimination in the work place should immediately bring it to the attention of the Chief Executive Officer. If the matter is not resolved, the employee may file a formal written complaint with the Chair of the Authority Board who will promptly initiate a confidential investigation.~~

~~All such complaints will be promptly investigated, ensuring confidentiality to the maximum possible extent. Appropriate disciplinary action, up to and including discharge, will be taken against any employee found to be violating this policy.~~

~~The Authority prohibits any form of retaliation against any employee who files a good faith complaint under this procedure or who assists in a complaint investigation. However, if after investigating any complaint of harassment or unlawful discrimination, the Authority determines that the complaint is not made in good faith or that the employee has provided false information regarding the complaint, disciplinary action may be taken up to and including discharge against the individual who filed the complaint or who gave the false information.~~

~~All employees should be aware of the following:~~

- ~~1. Sexual harassment is strictly prohibited. The Equal Employment Opportunity Commission defines sexual harassment as: Unwelcome sexual advances, request for sexual favors, and other verbal or physical conduct of a sexual nature, when submission to or rejection of such conduct is used as a basis for employment decisions, or when such conduct has the purpose or effect of unreasonably interfering with the individual's work performance or creating intimidating, hostile or offensive work environment. Employees are cautioned that remarks that they may view as humorous may, in fact, be perceived as offensive or intimidating to the recipient. Authority employees should avoid making any comments of a sexual nature to or about another employee.~~
- ~~2. Managerial personnel are responsible for assuring that no staff member is subject to conduct which constitutes sexual or any other forms of harassment.~~
- ~~3. Employees found to have engaged in sexual or any other forms of harassment shall be subject to corrective action, up to and including discharge.~~
- ~~4. The results of an investigation will be treated as confidential and, to the extent practicable, if not in conflict with the purposes of this policy, the Authority will protect the privacy of its employees from unnecessary disclosure of such information.~~
- ~~5. Employees who bring forth complaints, in good faith under this policy, will not be retaliated against.~~
- ~~6. All determinations herein will be made from facts on a case by case basis.~~

2.4 ~~CORRECTIVE ACTION~~ RELIGIOUS ACCOMMODATION POLICY

The Authority does not discriminate against applicants or employees because of religion. Consistent with this commitment, the Authority will provide a reasonable accommodation of an applicant's or employee's sincerely-held religious belief if the accommodation would resolve a conflict between the individual's religious beliefs or practices and a work requirement, unless doing so would create an undue hardship for the Authority.

An employee who believes he or she needs a religious accommodation is responsible for requesting the accommodation from his or her supervisor or the CEO. The Agency will engage in the interactive process with the employee and may, to the extent permitted under applicable law, require the employee to submit documentation supporting his or her request.

2.5 REPRODUCTIVE HEALTH DECISION MAKING

The Authority is committed to complying with the requirements of Section 203-e of the New York Labor Law, which protects employees on the basis of reproductive health decision making. For purposes of this policy, reproductive health decision making includes, but is not limited to, the decision to use or access a particular drug, device, or medical service.

Access to Personal Information

It is unlawful for the Authority to access an employee's personal information regarding the employee's or the employee's dependent's reproductive health decision making, without prior informed affirmative

Updated July 12, 2021

written consent from the employee. Accordingly, the Authority will not access such information without first obtaining such informed affirmative written consent.

Discrimination and Retaliation Are Prohibited

Discrimination and retaliation on the basis of an employee's or an employee's dependent's reproductive health decision making is unlawful and will not be tolerated at the Authority. Employees have a right to be free from discrimination and retaliation with respect to compensation, terms, conditions, or privileges of employment, because of or on the basis of their own or their dependent's reproductive health decision making.

For purposes of this policy, an act of retaliation includes discharge, suspension, demotion, or otherwise penalizing an employee for: (i) making or threatening to make a complaint to an employer, co-worker, or to a public body alleging a violation of his/her rights under this law; (ii) causing any proceeding under or related to this law to be instituted; or (iii) providing information to, or testifying before, any public body conducting an investigation, hearing, or inquiry into any such violation of a law, rule or regulation by the Authority.

Waiver

~~The intent of Corrective Action is to formally document problems while providing the employee with a reasonable time within which to improve performance. The process is designed to encourage development by providing employees with guidance in areas that need improvement such as poor work performance, attendance problems, personal conduct, general compliance with the Authority's policies and procedures and/or other disciplinary problems. An employee who is unable or unwilling to improve their performance or behavior, may be subject to more disciplinary measures up to and including discharge.~~

The Authority will not require employees to sign a waiver or any other document which purports to deny employees the right to make their own reproductive health care decisions.

Remedies

~~The Corrective Action process involves one or more written warnings issued to employees when appropriate. These warnings will clearly identify the problem, and outline a course of corrective action and a time frame in which this corrective action must be completed. The employee should clearly understand both the corrective action and the possible consequence (such as suspension or termination) if the problem is not corrected. The employee should acknowledge receipt of the warning and include any additional comments of their own before signing it. A record of the decision and the employee's comments should be placed in the employee file in the office of the Chief Executive Officer or his/her designee. No Authority employee (except for employees on probation) shall be removed from his or her position or subject to other disciplinary penalty except for incompetence or misconduct shown after a hearing upon stated charges as provided for in Section 75 of the Civil Service law.~~

Employees who believe that their rights under this policy or the law have been violated are encouraged to make a report to their supervisor or the CEO as soon as practicable. The Authority will promptly investigate any reports and take appropriate remedial action. Any employees who violate this policy,

Updated July 12, 2021

including supervisors and managers, will be subject to discipline, up to and including termination of employment.

Employees may also bring a civil action alleging a violation of their rights and seek remedies (including, but not limited to, reinstatement, injunctive relief, back pay, benefits, attorneys' fees, costs, liquidated damages, etc.).

2.6 IMMIGRATION ACT REQUIREMENTS

In compliance with the federal Immigration Reform and Control Act of 1986 (IRCA), as amended, the Authority is committed to employing individuals who are authorized to work in the United States. Each new employee, as a condition of employment, must complete the Employment Eligibility Verification Form I-9 and present documentation establishing identity and employment eligibility. If an employee is authorized to work in this country for a limited period of time, the individual will be required to submit proof of renewed employment eligibility prior to expiration of that period to remain employed by the Authority.

2-52.8 PERSONNEL RECORDS

Personnel records are created and maintained by the Chief Executive Officer or his/her designee. These records contain information that is relevant and necessary for the administration of the Authority's activities or required by law or regulation. These records are considered confidential and will be treated accordingly to protect employees' privacy. Managers will be given the opportunity to review past performance appraisals.

Each employee has the right to review information in his/her personnel file to ~~insure~~ensure accuracy. All requests for inspection must be submitted in writing to the Chief Executive Officer or his/her designee stating the purpose and the information that the employee would like to review. The Chief Executive Officer or his/her designee will review each request and set up an appointment to meet with the employee.

It is the employee's responsibility to inform the Chief Executive Officer or his/her designee of changes in information such as name, address, telephone number, marital status, beneficiary designations, emergency contacts, and specific health or medical problems which affects the employee's ability to perform the duties of his/her position.

- 2-62.9 REFERENCE CHECKS

All written or telephone inquiries regarding a current or former Authority employee must be referred to the Chief Executive Officer or his designee. No Authority employee may issue a reference letter to any current or former Authority employee without permission of the Chief Executive Officer or his designee. Any letter of reference must be reviewed and approved by the Chief Executive Officer or his designee before being mailed or otherwise provided.

In response to an outside request for information regarding a current or former Authority employee, the Chief Executive Officer or his/her designee will furnish or verify only an employee's name, dates of employment and job title. No other data or information regarding any current or former Authority employee, or his or her employment with the Authority will be released unless the employee authorizes the Authority to release such information in writing, or if the Authority is required by law to furnish such information.

2.7.2.10 SMOKING

The Authority is committed to providing its employees with a smoke-free environment. Smoking is prohibited in all building areas, including private offices, conference rooms, hallways, stairways and rest rooms. Smoking is allowed outside the building in designated areas only with waste disposal in proper designated containers. It is the responsibility of the employee to abide by the non-smoking regulations at the Authority.

Non-compliance with the established smoking policies should be handled in the same manner as violations of any other Authority regulation. If the employee ignores the policy, it is appropriate to give a written warning, with a copy to the Chief Executive Officer or his/her designee, with the understanding that any subsequent violation(s) may result in termination.

Job applicants and visitors should be informed of the Authority's No-Smoking policy.

2.8.2.11 DRUG FREE WORKPLACE

Pursuant to the federal Drug-Free Workplace Act the Authority has established a drug-free awareness program.

The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited in the workplace. Any employee engaging in such prohibited activities shall be subject to disciplinary actions, up to and including dismissal. Each employee, by accepting employment at the Authority agrees to abide by these prohibitions and agrees to notify the employer of any criminal drug statute conviction for a violation occurring no later than five days after such conviction.

2.9.2.12 REPORT WRONGDOING - PROTECTION FROM RETALIATION

All employees will be protected from retaliation for disclosing information concerning acts of wrongdoing, misconduct, malfeasance, or other inappropriate behavior ("Wrongdoing") by an employee or Board Member of the Authority.

An employee should first report the alleged Wrongdoing to either the Chief Executive Officer or his/her designee or General Counsel, so that the situation may be remedied as appropriate.

If the matter is not resolved, the employee may file a formal written complaint with the Chair of the Albany County Airport Authority.

An employee who believes s/he is being retaliated against for reporting a Wrongdoing that s/he believes has occurred should first report the retaliation to the Chief Executive Officer or General Counsel so that the situation may be remedied as appropriate.

If the matter is not resolved through informal resolution and/or conciliation or if informal resolution and/or conciliation does not appear to be an appropriate remedy, the complainant may file a formal written complaint with the Chair of the Authority.

Retaliation against whistleblowers in any form is against state law and will not be tolerated in any aspect of Authority's business. If you have any questions, please contact the Chief Executive Officer or his/her designee or General Counsel.

2.10-2.13 VEHICLE USE POLICY

The Albany International Airport is a 24-hours a day/7-days (24/7) a week operation. Passengers and staff are present on-site at all times. The Airport Authority owns and operates over 88 vehicles in support of its operations. This policy is intended to govern the use of these vehicles.

Chief Executive Officer Vehicle

The Chief Executive Officer is responsible for the daily operation and oversight all Airport operations at all times. He/she is on call 24/7 and is authorized, by the Authority Board, use of a vehicle to oversee all Airport operations, to respond to emergencies, to oversee extreme weather events, attend public hearings and meetings, represent the Airport at a variety of community events, sit on boards representing the Airport and to conduct the business of the Airport 24/7.

Air Rescue Fire Fighting Vehicles

A separate policy regarding Mutual Aid has been approved regarding the off-site use of emergency vehicles.

Airport Operations and Maintenance Vehicles

It is the policy of the Airport Authority that all Airport vehicles are to remain on Airport property and not be assigned to individuals for regular use off Airport property. Vehicles authorized to leave the Airport would include fire-fighting equipment and vehicles, delivery vehicles and Million Air assigned vehicles. For the most part, for safety and for the purpose of reducing accidents and personal injuries, vehicles should remain on Airport property. The Chief Executive Officer, at his discretion, may permit the use of vehicles for off-site use if it is in the best interest of the Airport and in carrying out its official business.

Record Keeping

All Airport employees authorized to use an Airport vehicle, including the Chief Executive Officer, shall maintain logs of the trips taken off-site indicating date/time, purpose, mileage, and incidental costs (fuel, tolls, etc.). At the year-end, these records shall be submitted to the Airport Authority Finance Department for an assessment as to whether the use of the vehicle constitutes supplemental income under the provisions of the IRS tax laws. If so, the Finance Department will issue proper income tax forms to the Airport employee.

2.11-2.14 COMPUTER USAGE POLICY

This Acceptable Use Policy is to outline the acceptable use of Albany County Airport Authority (ACAA) Information Technology (IT) resources. This policy has been adopted to protect both the ACAA and its employees.

The objectives are threefold:

1. To protect ACAA's networks and equipment.
2. To reduce the Unsolicited Commercial Email "Spam" that can flood ACAA's mail server.
3. To protect ACAA and its employees from activities that might expose them or the ACAA to legal action.

"ACAA's resources", as used herein, is defined as comprising all computer equipment, including peripherals, that is owned, used or leased by ACAA or its affiliates as well as ACAA's networks, infrastructure, servers and off-site services that ACAA subscribes to.

Updated July 12, 2021

The connection of any device, regardless of ownership or purpose, to any of ACAA's resources shall constitute use of ACAA's resources.

The policy extends to the use of any ACAA email account or subscription account provided to ACAA by any third party.

While ACAA desires to provide a reasonable level of privacy, users should be aware that the data they create on these resources, or while utilizing any of these resources, remains the property of ACAA. ACAA cannot guarantee the strict confidentiality of information stored on any computer device belonging to ACAA or connected to ACAA's resources.

The ACAA provides the following guidelines for the use of ACAA IT resources:

1. Employees are prohibited from using ACAA IT resources for personal use, except in case of personal or family related emergencies.
2. For security and network maintenance purposes, authorized individuals within ACAA may monitor equipment, systems and network traffic at any time. ACAA reserves the right to audit networks and systems on a periodic basis for any purpose.
3. Passwords must remain secure and personnel are strongly discouraged from sharing accounts. Authorized users are responsible for the security of their individual passwords and accounts.

~~2.12~~ 2.13 INTERNET AND EMAIL POLICY

Voice mail, email, and Internet usage assigned to an employee's computer or telephone extensions are solely for the purpose of conducting ~~Albany County Airport Authority (ACAA)~~ business. Some job responsibilities at the Authority require access to the Internet and the use of software in addition to the Microsoft Office suite of products.

Only people appropriately authorized, for Authority purposes, may use the Internet or access additional software.

Software Access Procedure

Software needed, in addition to the Microsoft Office suite of products, must be authorized by your supervisor and downloaded by the Communications Department. If you need access to software, not currently on the Authority network, talk with your supervisor who will consult with the Communications department.

Internet Usage

Internet use, on Authority time, is authorized to conduct Authority business only. Internet use brings the possibility of breaches to the security of confidential Authority information. Internet use also creates the possibility of contamination to our system via viruses or spyware. Spyware allows unauthorized people, outside the Authority, potential access to Authority passwords and other confidential information.

Removing such programs from the Authority network requires Communications staff to invest time and attention that is better devoted to progress. For this reason, and to assure the use of work time appropriately for work, staff members should limit Internet use.

Additionally, under no circumstances may Authority computers or other electronic equipment be used to obtain, view, or reach any pornographic, or otherwise immoral, unethical, or ~~non-businessrelated~~non-business-related Internet sites. Doing so can lead to disciplinary action up to and including termination of employment.

Email Usage at Authority

Updated July 12, 2021

Email is also to be used for Authority business only. Authority confidential information must not be shared outside of the Authority, without authorization, at any time. You are also not to conduct personal business using the Authority computer or email.

Please keep this in mind, also, as you consider forwarding non-business emails to associates, family or friends. Non-business related emails waste Authority time and attention.

Viewing pornography, or sending pornographic jokes or stories via email, is considered sexual harassment and will be addressed according to our sexual harassment policy.

Emails That Discriminate

Any emails that discriminate against employees based on any legally protected classification or characteristic, including race, gender, nationality, religion, and so forth, will be dealt with according to the harassment policy.

These emails are prohibited at the Authority. Sending or forwarding non-business emails will result in disciplinary action that may lead to employment termination.

Authority Owns Employee Email

Keep in mind that the Authority owns any communication sent via email or that is stored on Authority equipment. Management and other authorized staff have the right to access any material in your email or on your computer at any time. Please do not consider your electronic communication, storage or access to be private if it is created or stored at work.

2.132.14 FINANCIAL DISCLOSURE STATEMENTS

The Public Authorities Accountability Act requires members, officers and employees of the Authority to file financial disclosure statements with the Albany County Board of Ethics. Accordingly, the CEO will collect a completed financial disclosure statement from each policymaking employee, and transmit all such financial disclosure statements in one group to the Albany County Board of Ethics.

2.142.15 WORKPLACE VIOLENCE PREVENTION POLICY AND INCIDENT REPORTING

The Albany County Airport Authority is committed to the safety and security of our employees. Workplace violence presents a serious occupational safety hazard to our agency, staff, and clients. Threats, threatening behavior, or acts of violence against employees, visitors, guests, or other individuals by anyone on the Albany County Airport Authority's property will be thoroughly investigated and appropriate action will be taken, including summoning criminal justice authorities when warranted. All employees are responsible for helping to create an environment of mutual respect for each other as well as clients, following all policies, procedures and program requirements, and for assisting in maintaining a safe and secure work environment.

This policy is designed to meet the requirements of NYS Labor Law 27b and highlights some of the elements that are to be found within our Workplace Violence Prevention Program. The process involved in complying with this law includes a workplace evaluation that will be designed to identify the workplace violence hazards our employees could be exposed to. Other tools that will be utilized during this process include establishing a committee made up of management and Authorized Employee Representatives who will have an ongoing role of participation in the evaluation process, recommending methods to reduce or eliminate the hazards identified during the process and investigating workplace violence incidents or allegations. All employees will participate in the annual Workplace Violence Prevention Training Program.

Updated July 12, 2021

The goal of this policy is to promote the safety and well-being of all people in our workplace. All incidents of violence or threatening behavior will be responded to immediately upon notification. The Albany County Airport Authority has identified response personnel that include a member of management and an employee representative. If appropriate, the Albany County Airport Authority will provide counseling services or referrals for employees.

All Albany County Airport Authority personnel are responsible for notifying the Chief Executive Office or his/her designee of any violent incidents, threatening behavior, including threats they have witnessed, received, or have been told that another person has witnessed or received.

3.0 COMPENSATION AND SALARY ADMINISTRATION

3.1 PHILOSOPHY AND OBJECTIVES

The Authority's compensation program is designed to be both equitable and competitive to attract and retain qualified employees of the highest caliber and to achieve the goals of the Authority. To this end, the Authority strives to provide salaries that are competitive with comparable jobs in similar situations and fair in relation to the employee's co-workers.

To ensure that the compensation program remains fair and competitive, the Authority participates in industry and regional salary surveys. In addition, positions within the Authority are reviewed periodically to make certain that people with similar responsibilities are receiving comparable pay.

The CEO, at his/her discretion, may grant newly-hired employees advanced standing in regards to the allotment and accumulation of vacation leave (see Section 4.3) and/or sick leave (see Section 4.4). In making a determination as to whether to grant such advanced standing, the CEO will consider the standing of current employees with commensurate experience, and the experience level of the newly-hired employee.

3.2 JOB CLASSIFICATION

To comply with the Fair Labor Standards Act and other Federal employment guidelines, the Authority classifies positions into two categories - Exempt and Non-Exempt. Job analysis determines whether or not a position is exempt. Job titles are not a controlling factor and employees who qualify for exempt status may have a variety of functions and titles. A brief summary of the definitions of exempt and nonexempt classifications follows:

Exempt Status -- Employees who work in salaried executive, managerial, administrative, supervisory and professional positions. ~~According to government definitions, exempt employees are legally defined as follows:~~

~~* Exercises discretion regularly.~~

~~* As a rule of thumb, an employee who spends at least 50 percent of time devoted to managing nonexempt employees and key policy development is likely be considered an "Executive" employee (although the percentage of time spent on such duties is a helpful guide, it is not the only factor considered.)~~

~~—Administrative Employees~~

~~* Performs office work directly related to management policies.~~

~~* Work requires exercise of discretion and independent judgment.~~

~~* Works under only general supervision. Regularly assists an executive as administrative employee.~~

~~* As a general rule, an employee who spends at least 80 percent of time devoted to administrative work is likely to qualify as an “Administrative” employee (although the percentage of time spent on such duties is a helpful guide, it is not the only factor considered.)~~

~~Professional~~

~~* Primary duty is performing work that requires advanced or specialized knowledge.~~

~~* Work requires consistent exercise of discretion and judgment.~~

~~* Work is intellectual and varied. Output cannot be measured on an hourly basis.~~

~~* As a general rule, an employee who spends at least 80 percent of time devoted to professional or technical work is likely to qualify as a “Professional” employee (although the percentage of time spent on such duties is a helpful guide, it is not the only factor considered.)~~

Non-Exempt -- Employees paid on a salary or hourly basis and work in technical, secretarial, clerical and maintenance positions. Employees in these positions are eligible for overtime. See overtime policy Section 3.8.

3.3 EMPLOYEE CLASSIFICATION

Employees are classified according to their normally scheduled work hours as follows:

3. Hourly Part-Time Employee -- an hourly employee who is normally scheduled to work less than 30 hours per week. Any hourly employee hired prior to January 1, 2017 who is normally scheduled to work less than 21 hours per week shall also be considered an Hourly Part-Time Employee.

Participation in the NYS-Employee Retirement System is optional at the employee's discretion for Hourly Part-Time Employees, Temporary Employees and Interns.

3.4 SALARY ADMINISTRATION

All eligible employees will be reviewed for salary step adjustments, to be effective January 1, during the thirty days immediately preceding the end of the calendar year. See Appendix C for the Authority's Policy for Performance Evaluation. The Authority may implement a cost of living adjustment to the salary schedule to be effective January 1 of each year. From time to time, the Chair of the Authority together with the Chair of the Personnel Committee may authorize merit raises as recommended by the Chief Executive Officer.

3.5 WORK WEEK

The basic work week for Authority employees is 40 hours per week.

3.6 HOURS OF WORK

The Authority's normal business hours are from 8:30 a.m. to 4:30 p.m. Monday through Friday except holidays. Employees are entitled to one-half hour break for lunch. 3.8 ~~3.8~~ OVERTIME

Exempt employees are not eligible to receive overtime pay, premium pay or compensatory time (see Section 3.2 for definition of exempt/nonexempt). Non-exempt employees are eligible for compensatory time or additional pay for all hours worked based on the following policy:

- ~~1-~~ Compensatory Time

Regular rate is \$10.00/hour. Pay for Saturday will be \$15.00/hour. (See exception under Absence from Work below).
- ~~4.~~ Holidays
 - *A premium rate of 2 times the regular compensation rate is paid for work performed on a paid holiday. The employee is paid for the holiday plus one times his/her rate for the hours worked. Example: Regular rate is \$10.00/hour. Employee works on Labor Day. Rate for hours worked on Labor Day is \$20.00/hour.
- ~~5.~~ Absence from Work

Full-time employees shall be paid their regular salary semi-monthly on the 14th and the 28th. If payday is on a Saturday or a Holiday, employees will be paid the day before. If payday is on a Sunday, employees will be paid the day after. Pay checks will only be released directly to the employee unless the employee gives written permission designating someone else to pick up their check. Anyone else picking up a check will be expected to provide identification.

All Hourly Part-Time, Temporary and Intern Employees paid based on hours worked, overtime and unused compensatory time will be paid one-time period lagging the time worked.

3.10 DIRECT DEPOSIT

The Authority encourages direct deposit of employee's paychecks into the bank of their choice to avoid being lost or stolen. Paychecks can be deposited into checking accounts, savings accounts, or both.

4.0 ATTENDANCE/ABSENCE

4.1 ATTENDANCE AND PUNCTUALITY

Attendance at work is a major responsibility of each employee. Absence from work causes delays, requires temporary assignments of other people and generally disrupts operations. Employees should make every effort to be at work and on time when scheduled.

All employees shall be required to punch in and out using the Nova Biometric Time System which will generate an Employee time Report. Employees are required to electronically submit their time reports

to their supervisor for approval on a semi-monthly basis. The Employee Time Report includes hours worked and leave taken on a daily basis.

All employees are required to complete an electronic Leave Request and electronically submit to their supervisor to request approval to leave work.

The Chief Executive Officer shall also maintain a current record of leave on file and electronically complete an Employee Time Report semi-monthly.

If an employee is going to be absent from work, the employee should notify the supervisor prior to the start of the employee's shift, but in no event, at least within the first one-half hour of the start of the employee's shift. If an employee is unable to report to work on time, the employee must notify the immediate supervisor prior to, or within one-half hour of the start of the employee's shift. If the supervisor is not available, the employee should ask for the supervisor's supervisor.

An employee's absence from work shall be considered an unauthorized absence when: (a) the absence was not properly approved by the employee's supervisor, or (b) in the case of an absence necessitated by illness, the employee fails to provide notice to his or her supervisor as soon as practicable. Unauthorized absence constitutes misconduct and depending upon the circumstances, may result in performance counseling or disciplinary action.

Absence from work without approval (unauthorized absence for periods in excess of seven (7) consecutive calendar days) will be considered a voluntary resignation abandonment. An employee requesting reinstatement after abandonment of employment must show that he or she was incapable of providing proper notice to the Authority of the need to be absent. This provision shall not limit the Authority's ability to remove employees on basis of misconduct for periods of unauthorized absence of any duration.

Frequent absenteeism and tardiness is unacceptable. To resolve this problem, an employee will first be made aware that their absenteeism and/or tardiness has become a problem. Should the problem persist, corrective action will be taken. If unsuccessful, ACAA may initiate disciplinary action that may lead to termination.

4.2 HOLIDAYS

The Authority provides paid time off for ten scheduled holidays. Regular Full-Time Employees are also provided with two discretionary holidays to cover occasions of significance to the individual employee.

The following are the days observed by the Authority:

Discretionary Days - 1 Day

**Pursuant to NYS Law (S.8598/A.10628)*

Discretionary day must be taken during the calendar year and is not eligible for payment at termination or separation from the Authority.

Regular Full-Time Employees hired after January 1 each year are allocated a discretionary day as follows:

January 1 to March 31	1 Day <u>day</u>
April 1 to September 30	1/2 Day <u>1/2 day</u>
October 1 to December 31	0 Days <u>days</u>

Regular Part-Time and Hourly Employees, Temporary Employees, Interns, and employees on disability or on leave of absence are not eligible for discretionary holidays.

4.3 VACATION LEAVE

Regular Full-Time and Regular Part-Time Employees are eligible for vacation benefits on an accrual basis. While an employee earns vacation credit from the date of hire, he or she must complete three months of service before becoming eligible to take vacation. Hourly Part-Time, Temporary and Interns are not eligible for vacation benefits. The Authority will recognize and credit full time employees with vacation and sick time accrual rates and time accrued from other New York State municipal, state, or public governmental entities, provided such service ended no greater than one year prior to commencement of service to the Authority.

All vacation should be scheduled in advance with the employee's supervisor, requested in writing and is subject to the supervisor's approval. Taking vacation in more than two-week segments is not encouraged because of the added burden it places on colleagues.

To provide proper coverage during the summer vacation period, employees should submit their vacation request before May 1. In case of a conflict, priority will be given to the employee who has more senior-level responsibilities subject to the operational needs of the Authority.

The vacation year is January 1 to December 31. All employees are encouraged to take their earned vacation by December 31 each year. If Authority business conditions restrict the use of full vacation time, vacation days up to a maximum of 300 hours, or 37.5 days, may be carried over until the next year.

Unused vacation for Regular Full-Time Employees up to the maximum of 37.5 days or 300 hours shall be liquidated in cash at the time of separation, retirement or death. Unused vacation for Regular Part-Time Employees up to a maximum of 18.75 days or 150 hours shall be liquidated at the time of separation, retirement or death.

The Authority credits Regular Full-Time Employees vacation leave each pay period according to the following schedule:

Updated July 12, 2021

- First Year - Employees are credited each pay period worked with three and one-third hours of vacation during the first year of employment up to a maximum of 10 days.
- Second through the Ninth Year - Employees are credited each pay period worked with five hours of vacation up to a maximum of 15 days for each year.
- Tenth through Nineteenth Year - Employees are credited each pay period worked with six and ~~three-quarters~~three-quarters hour of vacation up to a maximum of 20 days for each year.
- Twenty or More Years - Employees are credited each pay period worked with eight and one third hours of vacation up to a maximum of 25 days for each year.

The Authority credits Regular Part-Time Employees working less than full-time vacation leave monthly in proportion to the total hours worked. Example: An employee working 4 days per week in their first year of service earns 80% of the total days allocated, or 8 vacation days.

Employees on leave of absence do not accrue vacation during their leave time.

4.4 SICK LEAVE

The Authority provides paid Sick Leave for days when a Regular Full-Time or Regular Part-Time Employee must be absent for personal illness, injury or disability. Sick leave shall also be used to cover absences from work necessitated by the need to provide care to a member of an employee's immediate family (defined as an employee's legal relationship of spouse, parents, guardians, children, step-children, and foster children) who suffers from an illness when approval is granted by a supervisor. Sick leave shall be used to cover absences necessitated by schedule visits to licensed care providers (e.g. doctors, physical therapists, dentists, optometrists, etc.). Employees who are ill are required to notify their supervisor within one hour of the normal starting time of the day of illness. If the supervisor is unavailable, the employee should report to the supervisor's supervisor, not to a fellow employee.

In addition, sick leave is available for use for sickness in the employee's immediate family when approval is granted by the supervisor. The employee shall request approval as far in advance as possible but at least two days before the desired leave except in an emergency.

Regular Full-Time Employees earn sick leave credit monthly on a basis up to a maximum of 13 sick days per year, or 4.33 hours per time period. Regular Part-Time Employees working less than fulltime are credited sick leave in proportion to the total hours worked. Regular Full-Time Employees may accumulate sick leave credits up to a maximum of 165 days, or 1320 hours. Regular Part-Time employees may accumulate sick leave credits up to a maximum of 82.5 days or 660 hours.

Sick leave is not an entitlement or allotment plan. Unused sick leave shall not be liquidated in cash at any time, including separation, retirement, or death. An employee may use accrued vacation or personnel leave days if his/her sick time exceeds the number of allowable sick leave days with written approval from the Chief Executive Officer

Employees who are members of the NYS Employees' Retirement System (See Section 5.5) are allowed additional service credit for unused accumulated sick leave. The maximum additional service credit currently allowed is 165 days, as contained in NYS Employees' Retirement System. The additional service credit is applied on a working day basis as stipulated by the NYS Employees' Retirement System.

Before absence of three days or more are charged against sick leave credits, the Authority may require satisfactory proof of illness or may require the employee to be examined, at the Authority's expense, by a physician designated by the Authority. The Authority considers a medical certificate from a licensed physician as sufficient proof in the ordinary course of events.

In the event of failure to submit proof of illness upon request, or in the event that the proof as submitted, or the report of the medical examination is deemed unsatisfactory evidence of illness sufficient to justify the employee's absence from work, such absence may be considered as unauthorized leave. Unauthorized leave shall not be charged against accumulated sick leave credits and shall be unpaid. Abuse of sick leave shall be cause for disciplinary action. Repeated violations of sick leave privileges is grounds for termination.

Extended Sick Leave

The Chief Executive Officer, at his/her discretion, may advance sick leave credits to an employee absent due to personal illness who has exhausted his/her accumulated sick leave, vacation, and personal leave credits. The outstanding un-repaid sick leave advanced to an employee under the provisions of this section shall not at any time exceed a total of thirteen (13) days. Upon separation of the employee's service from the Authority, any such advance of sick leave remaining un-repaid, shall be deducted from wages due the employee.

The Chief Executive Officer, at his/her discretion, may grant sick leave at half pay for personal illness to a regular employee having not less than one (1) year of continuous service after all sick leave, vacation and personal leave have been exhausted; provided, that the cumulative total of all sick leave hereby granted to any employee during Authority service shall not exceed twenty (20) work days for each year of continuous service. In addition, the Chief Executive Officer in his/her discretion may extend to a full time employee who has exhausted all sick leave, vacation and personal leave credits, six (6) weeks of additional sick leave at half pay.

4.5 PERSONAL LEAVE

Regular Full-Time and Regular Part-Time Employees are permitted reasonable time off for commitments which can not be met before or after normal business hours, including religious observance. The Authority credits Regular Part-Time Employees working less than full-time personal leave in proportion to the total hours worked.

For such purposes, employee's personal leave shall not exceed 5 days during a calendar year. Personal leave shall be charged in no less than one hour increments and should be requested at least three working days in advance, except in the case of emergency.

Those employees hired after January 1 shall be eligible for personal leave on a pro-rated basis as follows:

<u>January 1 to March 15</u>	<u>5 days</u>
<u>March 15 to May 31</u>	<u>4 days</u>
<u>June 1 to August 15</u>	<u>3 days</u>
<u>August 16 to October 31</u>	<u>2 days</u>
<u>November 1 to November 30</u>	<u>1 day</u>
<u>December 1 to December 31</u>	<u>0 days</u>

~~January 1 to March 15~~ - - 5 days

- ~~March 15 to May 31~~ - - 4 days

- ~~June 1 to August 15~~ - - 3 days

Updated July 12, 2021

- ~~August 16 to October 31~~ - ~~2 days~~
- ~~November 1 to November 30~~ - 1 day
- ~~December 1 to December 31~~ - 0 days

Personal leave is not an entitlement or allotment plan. Therefore, there is no compensation for, or carry-over of unused personal time from one year to the next. Unused personal leave is not paid at the time of termination or separation of employment from the Authority.

4.6 JURY DUTY

The Authority provides Regular Full-Time and Part-Time salaried employees paid time off to enable employees to fulfill their citizenship responsibilities when called for jury duty, or when summoned as a court witness. Jury duty benefits are not provided when an employee is the plaintiff or defendant in a legal proceeding. Employees are expected to return to work whenever the jury duty does not last all day and the employee is within reasonable distance from the office.

Receipt of a notice for jury duty or a summons to appear as a court witness must be reported immediately to the employee's supervisor and the Chief Executive Officer or his/her designee.

All employees who are called to serve as jurors or as court witnesses will receive their regular pay while on jury duty. Any payment received for being a juror or court witness, except travel expense reimbursements, shall be turned ~~in to~~into the Accounting Department.

4.7 BEREAVEMENT

The Authority provides paid time off to allow employees time to handle personal matters due to a death in the family. Regular Full-Time and Regular Part-Time employees are eligible for Bereavement benefits. It is anticipated the leave will normally be taken during the three days immediately following the death according to the following guidelines.

In the event of the death of an employee's parent, ~~step-parent~~stepparent, guardian, spouse, child, ~~step-child~~stepchild, legal ward, domestic partner or sibling, the employee will receive normal wages for a period not exceeding three days.

If any relative outside the employee's family as defined above passes away, one day of paid absence will be paid.

Bereavement leave shall not be cumulative nor liquidated by cash for unused leave at the time of separation, retirement, or death.

4.8 MILITARY SERVICE

Regular Full-Time and Regular Part-Time Employees who are members of a national or state military unit can take thirty (30) business days at full pay each calendar year to fulfill their active training duty requirements. Additional unpaid time, up to a period of six months, may be taken for a limited emergency active duty, or regular active service in connection with a Military Duty Crises.

4.9 WORKERS COMPENSATION

The Authority will provide benefits as provided in the Worker's Compensation Law.

4.10 LEAVE OF ABSENCE WITHOUT PAY

In the discretion of the Authority, employees may be granted a leave of absence without pay for a period not exceeding one (1) year, with the consent of the Chief Executive Officer. Employees who are

granted leave without pay will not accumulate any sick or vacation credits while on leave. Employees may continue participation in the Authority's benefit programs to the extent permitted by the plans by paying the costs of the plans on a monthly basis. Leaves of absences may be extended beyond one year with the approval of the Authority Board.

4.11 FAMILY MEDICAL LEAVE ACT ("~~FMLA~~")

The purpose of this provision is to outline the conditions and procedures under which an employee may be eligible for time off as required by the federally enacted Family and Medical Leave Act ("~~FMLA~~"). The Authority reserves the right to modify this policy as necessitated by law.

C. ~~D.~~ Certification/Documentation

Where applicable, the Authority may require medical certification to support a claim for leave requested for an employee’s serious health condition, the serious health condition of a child, spouse or parent, leave due to a qualifying exigency, or leave due to the serious injury or illness of a covered service member. If necessary, the Authority may require periodic recertification under certain circumstances. The Authority can provide employees with the requisite certification forms.

If necessary for a serious health condition of the employee, his/her spouse, child or parent, due to a qualifying exigency, or to care for a seriously injured or ill service member, leave may be taken on an intermittent basis. Intermittent leaves are not permitted for birth, adoption or placement, unless otherwise agreed to between the parties.

Non-Directed Early Dismissal for Inclement Weather: It is recognized that certain employees may have special concerns during periods of inclement weather. Such special concerns may include the closure of their children's schools and special circumstances related to their personal commute to and from work. In such circumstances, early dismissal may be authorized by the Chief Executive Officer or Chief Financial Officer on a case by case basis and when granting such requests this will not necessitate the suspension of services. Employees taking advantage of such non-directed early dismissal must cover their absence with appropriate paid leave credits. Sick leave shall not be deemed a leave appropriate for such circumstances.

Non-Directed Tardiness and Absence due to Inclement Weather: It is recognized that certain employees may have special concerns during periods of inclement weather. Such concerns may include the closure of their children's schools and special circumstances related to their personal commute to and from work. Employees who will be late or absent due to such circumstances must contact their supervisor as soon as possible. The Chief Executive Officer or Chief Financial Officer may on a case by case basis excuse such tardiness or absence provided that granting such requests will not necessitate the suspension of services. Employees whose non-directed tardiness or absence is so excused shall cover their absence with appropriate paid leave credits. Sick leave shall not be deemed a leave appropriate for such circumstances.

4.14 ~~LEAVE DONATION PROGRAM~~ LEAVE DONATION PROGRAM

A. Purpose.

A regular employee ~~absent~~absence from work, due to personal illness or due to the need to provide care to an immediate family member suffering from a serious health condition, who has exhausted all accumulated sick, personal, discretionary holiday, and vacation leave credits and has also exhausted the maximum grant of advanced sick leave may petition the Chief Executive Officer to participate in the Albany County Leave Donation Program. This program authorizes the Airport Authority to solicit an employee's coworkers for the

donation of personal, vacation, and (in some instances) credits to be transferred to the ill employee's sick leave account. Leave donation is a voluntary program and an ill employee may elect not to participate.

B. ~~B.~~ Eligibility to Receive Donations.

To be eligible for donated leave, an employee must:

1. have completed: (a) one year of full-time service, (b) two years of part-time service, or (c) an equivalent combination of full- and part-time service; and
2. have exhausted all sick, personal, floating holiday, and vacation leave credits and,
3. have not been the beneficiary of donated leave in the twelve months preceding the request; and
4. suffer a personal illness, unrelated to an occupational accident or occupational disease, with an anticipated duration of 30 calendar days or more or be needed to provide care to a seriously ill immediate family member whose period of disability is expected to continue beyond 30 calendar days.

C. Donation of Leave.

Employees with one continuous year of service time may donate vacation leave, personal leave, and discretionary holiday credits to employees participating in this program. Credits must be donated in full hour increments, except discretionary holiday time which must be donated in full day increments. Leave is donated in units of time, not in cash equivalents of time (i.e., the salaries of the giving and receiving individuals do not impact the amount of time reduced or credited). Donated leave time is credited only to the sick leave account of the employee for whom donations were solicited and, if not exhausted by that individual, is prorated back.

D. Medical Certification.

An employee wishing the Albany County Airport ~~Authority~~ Authority to conduct a solicitation for donated leave must provide medical certification consistent with the granting of regular sick leave. In addition, such certification must provide an estimate of the anticipated duration of the medical disability for which the request is made. Updated medical certification should be provided every thirty (30) calendar days during the period of absence.

E. The Solicitation Process.

The donated leave program shall be administered by the Department of Human Resources, which shall conduct all solicitations for leave in a non-intrusive, fully voluntary manner. The solicitation process used by the Department of Human Resources is outlined below:

1. The employee or employee's family member shall make written request to the Chief Executive Officer indicating a desire to participate. Such request shall include a medical certification of illness, the anticipated duration of illness, and confirm the employee's eligibility to participate.
2. The requesting employee may, at his or her request, limit the scope of the solicitation to certain employees. Otherwise, the solicitation shall be addressed to all Airport Authority employees.

3. The request will be reviewed by the Chief Executive Officer or his/her designee, who shall certify the employee's eligibility to participate and prepare a standard notice to be distributed to all Airport Authority employees.
 - a) The standard notice form shall include the following information:
 - (1) Employee's name, job title, and department.
 - (2) The amount of donated leave sought.
 - (3) Whether this is the first or second solicitation.
 - (4) Whether donated time is to be coordinated with disability insurance benefits.
 - (5) Whether leave is requested for the employee's own personal illness or to attend to the illness of a member of the employee's immediate family.
 - (6) Designation of a ten working day period during which donations will be accepted.

A brief description of the circumstances and nature of the disability for which donated leave is being requested.

- b) The description of the circumstances and nature of the disability for which leave is sought will be short and to the point. The precise wording used in the notice shall be approved by the employee prior to its release. In approving the release, the employee shall be deemed to have knowingly waived any confidentiality rights pertaining to the medical condition. The employee shall agree to not use the disclosure of a medical condition contained in a standard solicitation notice as evidence of the Airport Authority's violation of the employee's privacy or as evidence in a legal action alleging discrimination on the basis of disability or perceived disability.
4. The agreed upon solicitation notice shall then be forwarded to the appropriate Airport Authority employees. The Chief Executive or his/her designee shall notify the Authority employees of the donation request by posting in a prominent location or by providing copies to employees. Under no circumstances shall employees be pressured to donate leave. Department Heads, supervisors, and co-workers shall limit their involvement in the solicitation process to informing employees of the existence of the solicitation notice. They are to refrain from conducting personal solicitations or campaigns on the beneficiary's behalf or from offering opinions on whether leave should or should not be donated.
5. Donations shall be made using a form promulgated for this purpose by the Human Resources. The confidentiality of leave donations shall be respected. Only personnel who must process the required transactions and maintain leave balances "need to know" who has donated leave. The identity of the donor should not be revealed to the employee receiving the donation.

6. Donations shall be processed as they arrive at the Department of Human Resources until
7. either: (a) the full amount of leave sought by the employee from the solicitation is obtained, or (b) the open period for donation has expired, whichever event occurs first.
8. If it is determined that the absence must extend beyond the period for which paid leave credits have been donated, a second solicitation may be authorized by the employee requiring leave. No more than two solicitation may be made per employee for a maximum of two hundred sixty (260) calendar days per twelve (12) month period.

F. Use of Donated Leave.

Except as provided for below, donated leave must be used in full day increments.

1. Coordination with Disability Insurance. An employee, who is collecting replacement wages through an employer-paid disability insurance, shall expend donated leave on a reduced schedule so that weekly net earnings during the period covered by donated leave do not exceed the weekly net earnings enjoyed by the employee while working. For this purpose, weekly net earnings ~~is~~are defined as the employees weekly gross earnings minus all federal and state taxes, health insurance deductions (including any Section 125 unreimbursed medical account premium), and mandatory deductions from salary (e.g., court ordered garnishments, etc.). However, wholly discretionary deductions (e.g., auto insurance premiums, credit union deductions, etc.) shall not be included in the calculation of weekly net earnings for this purpose.

After thirty (30) days from the last day worked, benefits are considered forfeited.
 2. **Dental Insurance.** Dental Insurance is not continued in retirement. A limited period of dental insurance continuation may be available to new retirees through COBRA, however.
 3. **Spousal/Domestic Partner/Dependent Coverage.** Spouses, domestic partner and eligible dependents of Authority retirees (employees) remain covered as long as the retiree maintains an active enrollment. At the time of death of a retired or active Authority employee, spouse, domestic partner and dependent coverage may be extended as follows:
 - a. If the Employee dies while on the Authority payroll or in retirement, the enrolled spouse, domestic partner and enrolled dependents will continue to receive health insurance coverage without charge for five semi-monthly payroll periods beyond the payroll period for which the Employees last health insurance deduction was taken at no cost to the spouse, domestic partner or enrolled dependent(s).
 - b. The un-remarried enrolled spouse, domestic partner and eligible dependents may be allowed to continue health insurance coverage after the extended benefits period ends, as set forth below. If the un-remarried spouse, domestic partner or eligible dependents are eligible for dependent survivor coverage but choose not to participate or fail to make the required payments, health insurance coverage will end permanently. The un-remarried spouse, domestic partner and eligible dependents may not re-enroll in the health insurance program.
 - c. Whether the un-remarried spouse, domestic partner and eligible dependents of an Employee who dies as an active employee, are eligible to continue health insurance coverage after the expiration of the five semi-monthly payroll periods, and what their premium will cost depend on the following circumstances:

If the Employee died as a result of a work-related illness or injury, regardless of the Employee's age at the time of death or length of service, the Authority will pay 100 percent of the cost of health insurance coverage up to the cost of the premium for the unmarried

spouse, domestic partner and eligible dependents as long as they remain eligible.

- d. Upon death of a retiree or an active Employee whose death was not the result of a work-related illness or injury, the premium contribution shall be as follows:

If at the time of death the active Employee or retiree who had 15 years of service if hired on or after January 1, 2017 (Authority, State of New York and County, but at least ten years with the Authority), or ten (10) years of service if hired prior to January 1, 2017 (Authority, State of New York and County), and was either retired or was within 10 years or less of the date which they would have been eligible for retirement from the Authority (in the case of current employees), the un-remarried spouse, domestic partner and the eligible dependents will be entitled to continued health insurance but will be required to make the same contribution that the Employee made at the time of death. If at the time of death the Employee was an active employee who had 15 years of service if hired on or after January 1, 2017 (Authority, State of New York and County, but at least ten years with the Authority), or ten (10) years of service if hired prior to July 1, 2016 (Authority, State of New York and County), but was not within 10 years of eligibility for retirement, the un-remarried spouse, domestic partner and eligible dependents would be required to pay 100% of the premium in order to be entitled to continued health insurance through the Authority.

If the un-remarried spouse, domestic partner loses eligibility or dies, your enrolled dependents may continue their coverage under the same terms as set forth above as dependent survivors until they no longer meet the eligibility requirements as dependents. If they no longer meet these requirements, they may enroll through the Consolidated Omnibus Budget Reconciliation Act (COBRA) which is a Federal continuation of coverage law or convert to a direct-pay contract.

Survivors are covered by the same rules as retirees for changing options and may apply unused sick leave credits toward paying the portion of the premium due from the survivors.

If the spouse, domestic partner and eligible dependents are not eligible for survivor health insurance coverage, they may be eligible to continue coverage under COBRA or convert to direct-pay contracts.

The Authority may act to diminish the benefits in this plan but only as applied to Employees hired after the Authority so acts.

1. Medicare Coordination. When a retiree or spouse who is receiving Authority health insurance benefits becomes eligible for Medicare coverage, the retiree must apply for (both parts "A" and "B") of such coverage. Failure to apply for both parts of Medicare may result in forfeiture of Authority retiree health insurance continuation privileges. The Department of Human Resources may require documentation substantiating a retiree's enrollment in Medicare.
2. Open Enrollment. Like active employees, retirees may elect to change their health insurance option during the designated "open enrollment period." Retirees interested in changing their selected health insurance option should contact the Benefits Unit of the

Division of Personnel Services during the month of October to request any required change forms. Changes will be effective on January 1 of the next year.

3. Annual Revision of Rates. Retirees who are required to pay premium contributions should expect annual adjustments in the dollar amounts of their contributions. Generally, new premium rates are effective for each carrier on January 1.
4. Notification of Change of Address. It is very important that retirees regularly update their addresses with both their insurance carrier and the Benefits Unit of the Division of Personnel Services. Failure to keep one's address up to date may lead to the inadvertent cancellation of coverage. Periodically, important mailings concerning health insurance benefits are distributed to Authority retirees.

Adopted: 12/7/09

Amended: 2/1/10

Amended: 12/12/16 Approved by unanimous vote of the ACAA Board.

Notification of Change of Address: It is very important that retirees regularly update their addresses with both their insurance carrier and the Authority Benefits Coordinator. Failure to keep one's address up to date may lead to the inadvertent cancellation of coverage. Periodically, important mailings concerning health insurance benefits are distributed to Authority retirees.

II ~~I~~ **STANDARD OF CONDUCT**

The Authority has adopted this Standard of Conduct for all personnel in the course of their conduct. Compliance with these Standards should help ensure proper conduct when the interest of the individual may conflict with those of the Authority. These Standards apply to Authority members and employees who are expected to apply the spirit, as well as the words, of its dictates.

Integrity is one of the Authority's most cherished values. This means the Authority is uncompromisingly committed to conducting its affairs with employees, airlines, vendors, and other business associates in the most honest, fair, and straight forward manner. This is good ethics, and it is also good government.

The following standards should not be considered all-inclusive. They do summarize the key situations which appear to be a source of conflict problems in many governmental entities.

I ~~I~~ **TO ALWAYS BEHAVE IN AN HONEST, MORAL AND ETHICAL WAY**

- a ~~1~~. Dishonesty will not be tolerated.
- b ~~2~~. Discrimination on the basis of age, gender, marital status, race, creed, religion, color, national origin, citizenship, disability, or sexual orientation not directly related to job performance is prohibited.

Employees are cautioned that remarks that they may view as humorous may, in fact, be perceived as offensive or intimidating to the recipient. Authority employees should avoid making any comments of a sexual nature to or about another employee.~~
- e ~~5~~. The use or distribution of illegal drugs and other illegal substances on Authority property is prohibited.

- a. ~~1.~~ Handling of Authority Assets: Each employee is personally responsible and accountable for the proper handling of Authority assets entrusted to him or her and for the proper use for Authority benefit of property over which he or she has control.
- b. ~~2.~~ Communications with The Media: Communications on behalf of the Authority with the media must be made only by specifically designated representatives of the Authority. Unless expressly authorized to make such communications, an employee who receives an inquiry relating to the Authority from the media should refer it to the Chief Executive Officer.
- c. ~~3.~~ No Disclosure of Nonpublic Information: If an individual is aware of any material information relating to the Authority that has not been made available to the public, he or she must not disclose such information to any other person without prior authorization from the Authority. Some (not all) of the information may relate to contract negotiations, pending litigation developments, pre-bid solicitations, significant financing developments, or personnel changes.
- d. ~~4.~~ Safeguarding Confidential Information: Care should be taken to safeguard the confidentiality of Authority internal information. Sensitive documents should not be left on desk or in plain view, and visitors should not be left unattended in offices or areas containing internal documents or confidential information. All information stored in the computer system, as data files or word processing documents, is to be treated as confidential information of a proprietary nature of the Authority. All request for such files or documents from the media or the public should be referred to the Authority's Freedom Of Information Officer.

In addition, no employment recommendations or references may be given or denied except by the Personnel Office.
- f. ~~6.~~ Departure from The Authority: If an employee leaves the Authority for any reason, he or she may not disclose in any way, directly or indirectly, confidential information about the Authority. In addition, all files, records, documents, information, data, and similar items relating to the business of the Authority (whether originals or copies, whether containing confidential information or not, and whether prepared by the employee or others) shall remain the exclusive property of the Authority and shall not be removed from the Authority's premises upon departure from the Authority.

- a. ~~1.~~ Acceptance of Personal Benefits: There are those who may attempt to influence Authority members or employees to do things for them by providing some personal benefit. It is inappropriate for an individual to seek or accept, directly or indirectly, for his or her personal use or benefit, from any enterprise or individual doing or seeking to do business with the Authority, any of the following:

In no case shall Authority employees encourage such giving. In the event cookies, food, candy, or other like items are delivered to the Authority staff or an employee, the staff member or employee shall inform the CEO. The CEO may return such item, give such item to charity or put the item out for general holiday consumption for staff and the public.
- b. ~~2.~~ Providing of Personal Benefits: It is inappropriate for any individual to offer or provide, directly or indirectly, for personal use or benefit, to any party with whom the Authority is doing or seeking to do business, or who may be in a position to influence the business or financial interest of the Authority, any of the items specified in the preceding paragraph, or anything else of value in a manner that can reasonably be construed as improper.
- c. ~~3.~~ Business Entertaining: Business entertaining - particularly involving recreational activities - requires good judgment. It is common practice for present or prospective clients, vendors, and others with whom the Authority does business to offer to pay for meals, shows, athletic contest, golf outings, etc. This is particularly true as personal relationships are developed. Such activities are not strictly prohibited but are limited to group occasions where the Authority is invited to participate with others in a publicly announced event or gathering. Participating in such activities ~~can not~~ cannot be accepted in exchange for some commitment to do business, nor should they be taken from the same individual or business on a scale or frequency that goes beyond good taste.
- d. ~~4.~~ Relationships with Outside Interest: It is inappropriate for an individual to have any outside interest with any business, vendor, supplier, or individual that might in any way influence the way in which the Authority does business or that would constitute a conflict of interest. It is permissible for employees to own securities in publicly traded

corporations or municipal entities who are clients, vendors, or suppliers, when such an interest is not material in terms of the total outstanding stock or indebtedness of such an entity, or to the individual's net worth.

- e. ~~5.~~ **Secondary Employment:** An employee may not have a second job which interferes with the responsibilities, confidentiality or job performance of the employee's primary job or is in conflict with the Authority's business. Each employee is required to notify the Chief Executive Officer or his/her designee in advance of any other employment to ensure there is no conflict of interest.
- f. ~~6.~~ **Civic Activities:** Authority employees are encouraged to take an active part in the life of the community and to support a variety of organizations. If the activities present a possible time conflict or conflict of interest with the employee's job, the situation should be discussed with the Chief Executive Officer or his/her designee and be resolved on a case-by-case basis.

V. ~~V.~~ **TO REPRESENT THE AUTHORITY IN A MANNER THAT IS LAW ABIDING AND SENSITIVE TO THE NEEDS AND JUSTIFIABLE EXPECTATIONS OF CLIENTS, VENDORS, SUPPLIERS, LENDERS, FELLOW EMPLOYEES, OUR COMMUNITY, STATE AND NATION.**

- a. ~~1.~~—There are a large number of laws that govern the Authority's activities. Individuals must not knowingly participate in any plan or arrangement having as its purpose the violation of any applicable local, state, or Federal law. Consistent with all employee rights under the State Civil Service Laws, any employee convicted of a felony, even if unrelated to his or her employment with the Authority, may be subject to disciplinary action, up to and including termination, that reflects the nature and circumstances of the crime.

VI. ~~VI.~~ **THE ADMINISTRATION OF THE AUTHORITY'S STANDARD OF CONDUCT POLICIES ASSUMES THE HONESTY OF ALL EMPLOYEES. THE AUTHORITY'S INTENT IS TO PROVIDE INFORMATION AND GUIDELINES THAT WILL BE USEFUL IN ANSWERING QUESTIONS THAT MAY ARISE.**

- a. ~~1.~~—**Training and Indoctrination:** In order to ensure that all employees are always knowledgeable about Authority policies, there will be appropriate periodic training sessions, circulated memos, and updates to the employee manual when warranted. Copies of Authority policies will be made available to all new employees.
- b. ~~2.~~—**Compliance Procedures:** It is vital that each employee feel personally responsible for adherence to the Standard of Conduct, and be willing to not only personally conform, but to ensure that others do so as well. Therefore, when an individual becomes aware of a possible violation, there is an obligation to deal with the problem in an appropriate way, either by directly confronting the offender, or by reporting it to management. All employees will be asked, from time to time, to sign a statement certifying that they have read and that they understand this Standard of Conduct.
- c. ~~3.~~—**Violations of The Standard Of Conduct:** Persons who violate the Authority's Standard of Conduct will be subject to appropriate disciplinary and/or legal action, up to and including termination. Those individuals who choose to violate the Standard of Conduct must recognize that they will have to realize the consequence of their behavior.
- d. ~~4.~~—**Oversight by the Authority's Personnel Committee:** The Authority's Personnel Committee is charged with the responsibility of reviewing management's monitoring of

compliance with this Standard of Conduct. Periodic reports will be made by management to the Personnel Committee concerning any situations of non-compliance with this Standard of Conduct and its guidelines, and the disposition of such situations.

POLICY FOR PERFORMANCE EVALUATION

Adopted: 11/13/97

+ Overview

The performance evaluation system provides a means of enhancing employee performance in order to meet the Albany County Airport Authority's organizational goals. The system provides a mutual understanding of performance objectives between the employee and the supervisor. A management tool for assessing performance, the system should also serve as a positive motivator for ACAA employees. This is accomplished by providing employees with candid feedback on their performance strengths and shortcomings.

ACAA's performance evaluation system has three basic purposes:

- —Providing employees with honest feedback about their performance once a year;
- —Identifying employees' training and development needs, in order to help individuals develop their potential to the fullest extent possible, as well as correcting deficiencies, if any;
- —Providing accurate performance information for organizational decision making, both micro-decisions, such as an individual's eligibility for salary increases, and macro decisions, such as ~~long~~ long-term hiring and development plans.

The Performance Evaluation Cycle

The performance evaluation cycle starts with supervisors and employees meeting to discuss job responsibilities, goals, objectives and priorities. Executives, managers and professional staff performance programs will be oriented toward objectives and goals, support staff performance programs will be oriented toward tasks and standards. These are the factors upon which the employee's performance will be judged.

Throughout the evaluation period, supervisors and employees may meet as indicated to discuss performance and to revise or reaffirm the performance program. Circumstances which may require a meeting to discuss performance are a change in duties or priorities, a project assignment, outstanding accomplishments or performance deficiencies.

At the end of the evaluation period, the supervisor and employee meet and discuss the employee's performance and the supervisor completes the appraisal.

Evaluation periods are twelve months: November 1 - October 31st with evaluations due the last day of the month following the close of the evaluation period, i.e., November 30th each year.

Important Concepts

Performance Management - For performance evaluation to work, it cannot be viewed as a once-a-year activity or merely a paperwork chore. Instead, it should be treated as an ongoing process, of which appraisal is only one part. Such a process of managing performance involves several steps.

Updated July 12, 2021

Performance Planning - That is, setting expectations, defining objectives, delineating tasks and time frames for accomplishing them. This is the first step in the cycle, where employees and their supervisors meet to discuss prospective performance requirements for the new evaluation period.

Checking In- Involves identifying performance issues and problems and finding ways to address them throughout the evaluation period. Supervisors help employees develop through ongoing coaching activities.

Performance Appraisal - This is the step most focused on, yet it is really only the final step in what should be an ongoing process. Here, the supervisor formally reviews the employee's performance in light of the objectives stated in the performance program. If the prior steps have been given adequate attention, the actual appraisal will generally go much smoother. As part of the performance appraisal, the supervisor should make a recommendation regarding the employer's eligibility to receive a salary step increase. See following Employee Evaluation form.

Albany County Airport Authority's Performance Evaluation System focuses on communication and employee development. Employees and their supervisors discuss job responsibilities and performance at least once a year.

~~II-~~ The Evaluation Process

Supervisor-Employee Meeting-

Before the beginning of the evaluation period, the supervisor and employee meet to discuss prospective performance requirements. Employees should be invited to provide written input using a blank performance evaluation form as a worksheet.

Development of Performance Program

The supervisor develops the performance program. ACAA's performance evaluation system is performance based rather than based on knowledge, skills and abilities. Executive, management and professional performance programs are based on objectives and goals. Support staff performance programs are based on tasks and standards. However, consideration may be given also to skills and characteristics that are important to carrying out job responsibilities (examples: organizing work, setting priorities, decision making, creativity, communicating with others, relations with the public, time and attendance).

Supervisor and employee meet and discuss the performance program. This should occur within two weeks of the beginning of the rating period. Both the employee and the supervisor sign the program and each will retain a copy.

Checking-In-

Throughout the evaluation period, the supervisor and employee may meet to discuss performance and to revise or reaffirm the performance program. Circumstances which may require a meeting are a change in duties or priorities, emergence of a training opportunity, assignment of a project, an outstanding accomplishment or performance deficiency. Meetings may be initiated by the supervisor or the employee.

Performance Appraisal-

At the end of the evaluation period, the supervisor meets with the employee, discusses the employee's performance and seeks the employee's ideas and views regarding his or her performance. The supervisor then completes the evaluation form and forwards a copy to his/her supervisor for review and signature. Once the evaluation is approved the supervisor meets with the employee to review it. Both the supervisor and the employee sign the form, both retain a copy and the supervisor forwards a copy to the Chief Executive Officer.

April 2019

—

Disagreements-

Should the employee and supervisor be unable to resolve a disagreement regarding any aspect of the performance evaluation process, the matter will be referred to the Chief Executive Officer for resolution.

APPENDIX D – AIRBORNE INFECTIOUS DISEASE EXPOSURE PREVENTION PLAN (NY HERO ACT)

As per NYS HERO Act and as part of the continued efforts and commitment to the safety and health of employees, the Authority has adopted an Airborne Infectious Disease Exposure Prevention Plan. The purpose of the Airborne Infectious Disease Exposure Prevention Plan is to protect employees against exposure and disease during a government declared airborne infectious disease outbreak.
